VOCAL ENSEMBLES:
CONCERT CHOIR, WOMEN’S CHOIR, AND CHAMBER SINGERS

Board of Education Approved 04/24/2007
Vocal Ensembles:
Concert Choir, Women’s Choir, and Chamber Singers

Statement of Purpose
Music is inherent in the very nature of man and therefore must be an integral part of a child’s education. We believe that music students in Fairfield’s high schools will develop an appreciation of music and be able to intelligently express their opinions, as well as become educated consumers of music. All of our students should have opportunities to increase their musical skill levels including creating, performing, and responding. The study of music sets a foundation for lifelong participation in and appreciation of music, and reinforces skills needed for many of life’s responsibilities.

Through daily ensemble rehearsal students will actively participate in analyzing and listening to a wide variety of music. Throughout the year students will perform in formal and informal settings demonstrating their increased abilities and advancing vocal techniques. Improvisation and composition will provide students an opportunity to create and express their own musical ideas. The skills acquired in vocal ensembles go beyond that of singing. They develop life skills such as problem solving, critical thinking, teamwork, leadership and self-discipline.

Audience
9th - 12th Grade Chorus students

Prerequisite
Concert Choir: Students must demonstrate a minimum of Skill Level II as identified on page 9.

Women’s Choir: Students must demonstrate a minimum Skill Level III as identified on page 10.

Design and Description
2 Credits
All vocal ensembles meet once daily with the exception on the 3 day per week women’s choir at Warde. Music of various periods and styles will be studied and performed including compositions using texts in foreign languages. Good vocal technique and ensemble skills are emphasized. Participation in all scheduled rehearsals and performances is required. Students are expected to supplement group rehearsals with daily individual practice. Adherence to the code of ethics and performance dress codes is required. Enrollment in voice class is also recommended.

Vocal ensembles at the high school are structured around the following three items that guide instruction.
I. All students in the Fairfield choral program progress through *Skill Levels*. These skill levels are a continuation for the middle school choral program. Most students will enter high school having successfully completed Skill Level III objectives.

II. Students in the Fairfield choral program progress through a *Repertoire Cycle*. This is a four-year cycle where students gain knowledge related specifically to the Repertoire they study and/or perform. Over four years students will study each of the units regardless of specific ensemble.

III. Students in the Fairfield choral program will progress through a four-year series of *Tasks for Chorus* designed to meet state standards for 9-12 music.

**Course Goals**

- After four years of high school chorus, students will successfully complete *Skill level V* objectives.
- After four years of high school chorus, students will successfully complete all repertoire cycle topics.
- After four years of high school chorus, students will complete the eight *Tasks for Chorus*. These tasks include performing, commenting on and evaluating their own musical performances, as well as other student’s performances, using appropriate musical terminology.

Summary objectives apply to students who have completed four years of high school chorus and are exiting 12th grade. They are addressed within the cumulative four years of the chorus repertoire cycle and skill levels III, IV, and V. The summary tasks and assessments found in the Assessment Document refer to these objectives by number.
