

FAIRFIELD PUBLIC SCHOOLS

The Education Center

July 15, 2011

Dear Parents:

The Fairfield Public Schools is continuing a district-wide transportation energy conservation program. One of the goals of this program is to reduce the amount of school bus runs and bus stops on a daily basis. By reducing the number of bus runs and bus stops we will be able to reallocate our busses to reduce the overcrowding on some busses, reduce the amount of late busses, conserve energy, and reduce our transportation cost.

To do this, we need your help by telling us if your child/children **will not** require school bus transportation for the 2011-2012 school year. If your child/children **will not** require school bus transportation, please fill out the attached non-binding transportation survey. This survey applies only to those children who are eligible for transportation services according to the Board of Education guidelines.

Please return the survey to us at your earliest convenience. The survey can be mailed to: Fairfield Public Schools, P.O. Box 320189, 501 Kings Highway East, Fairfield, CT 06825, Attention: Transportation Department faxed to 203-255-8250 or e-mailed to jficke@fairfield.k12.ct.us.

If your child will require school bus transportation for the 2011-2012 school year, you do not need to fill out the attached survey.

Thank you for taking the time to fill out the non-binding transportation survey and assisting the Fairfield Public Schools with our energy conservation program. If you have any questions pertaining to this survey, please contact our Transportation Supervisor John Ficke at (203)255-8477.

Sincerely,

John Ficke

Transportation Supervisor
