

Fairfield Public Schools Board of Education Proposed Budget

July 1, 2013 – June 30, 2014

February 1, 2013

Dear Board of Selectmen:

I am pleased to present for your consideration a proposed Board of Education operating budget in the amount of \$155,829,234 for the 2013-2014 fiscal year. The proposed budget represents a 4.63 percent increase over the 2012-2013 operating budget. In developing this budget we balanced the needs of our highly regarded school system with the financial capabilities of our town.

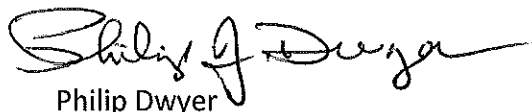

The single driving force in this budget is the sharp increase in the cost of health insurance. Approximately 79 percent of the increase in this budget is due to this one factor. Higher-than-expected claims for the past twelve months, combined with the increased costs of services and federal mandates, are the main reasons for this large increase. Pension costs for our non-certified staff also increased. Together, health insurance and pension costs account for 86 percent of the proposed increase to our budget.

As a result of these large increases to our fixed costs, we have attempted to keep all of the other expenses in our budget as close to this year's expenses as possible. The total number of certified staff, for example, is virtually unchanged for next year. Many other accounts are being held at or close to this year's funding levels. Consequently, of the 4.63 percent increase in our budget request, only .63 of it is due to factors other than health insurance and pension.

I would like to thank the Superintendent of Schools, Dr. David Title, and the Director of Finance and Business Services, Mrs. Doreen Munsell, for their work in leading the development of the budget and this document. For the second year, Fairfield won Honorable Mention for its budget book from the Connecticut Association of Boards of Education.

We look forward to discussing this proposed budget with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Philip Dwyer". The signature is fluid and cursive, with a long horizontal stroke at the end.

Philip Dwyer
Chairman, Fairfield Board of Education

FAIRFIELD PUBLIC SCHOOLS
TENTATIVE BUDGET CALENDAR
2013 – 2014

<u>Date</u>	<u>Day</u>	<u>Description</u>
3/05/2013	Tuesday	BOE budget review with Board of Selectmen/Board of Finance
3/21/2013	Thursday	Continuation of BOE budget review with Board of Selectmen/Board of Finance (If needed)

INCOME

**GRANT & SPECIAL REVENUE DESCRIPTIONS
REVENUE TO THE TOWN OF FAIRFIELD**

REVENUES FROM THE STATE

EDUCATION COST SHARING (ECS)

These are funds distributed by the State of Connecticut to insure that each child has an equal opportunity to receive a suitable program of educational experiences. The formula provides aid to towns based on town wealth.

AID TO THE BLIND

This grant provides reimbursement by the State of Connecticut for services provided to students who are legally blind, visually impaired and those who are multi-handicapped. Funding is based on approved expenses and is capped at an amount determined by the State Board of Education and Services for the Blind (BESB).

PUBLIC TRANSPORTATION

Funding from the State of Connecticut is determined by local wealth, based on the ranking of each district's "Adjusted Equalized Net Grand List Per Capita." Each of the wealthiest seventeen towns is assigned a reimbursement percentage of zero; the remaining districts are each assigned a percentage between zero and sixty. No local or regional board of education can receive an entitlement of less than \$1,000. Our rate is 0.4%.

NON-PUBLIC TRANSPORTATION

Funding from the State of Connecticut is determined in the same manner as are the reimbursement percentages for the Public School Transportation Grant. Allowable transportation costs for non-public school children are capped at twice the per pupil public school transportation expenditure for the year prior to the expenditure year.

OTHER REVENUE FROM THE DISTRICT

BUILDING RENTALS

These are monies received from the rental of school facilities by organizations not affiliated in any way with the town. This funding goes directly to the Town.

MISCELLANEOUS REVENUE

These are monies received from former students to have transcripts sent to colleges and universities, maps purchased by the public, jury duty collection, copying costs and other miscellaneous collections. This funding goes directly to the Town.

GRANT & SPECIAL REVENUE DESCRIPTIONS REVENUE TO THE BOARD OF EDUCATION

STATE

ADULT BASIC EDUCATION (ABE) STATE GRANT

These are funds received by the Fairfield Public School System from the State of Connecticut to supplement the Adult Education Program. A town's reimbursement percentage is determined by its relative wealth and ranges from 0 to 65 percent. Fairfield's reimbursement rate for 2012-13 is 6.96%. Payments are received from the State in August (67%) and May (33%).

SPECIAL EDUCATION EXCESS COSTS – STUDENT BASED GRANT

These are funds obtained by the Fairfield Public School System from the State of Connecticut (under CGS 10-76g(b)). Costs in excess of four and one half times the previous year's Net Current Expenditures per Pupil for district initiated placements and 100% of the costs in excess of the prior year's Net Current Expenditure per Pupil for state agency initiated placements are received to offset the cost of special education and related services for individual students' programs. The State determines the percentage at which the funds are capped. Payments are received from the State in February (75%) and May (25%).

MAGNET TRANSPORTATION

These are funds received by the Fairfield Public School System from the State of Connecticut and are used to supplement the cost of transporting students involved in magnet/vocational programs. The current rate is \$1,300 per student.

OPEN CHOICE

These are funds received by the Fairfield Public School System from the State of Connecticut for participation in the Open Choice program. These funds are available for any educational purpose that will enhance and enrich programs and activities, especially those reducing racial, ethnic, and economic isolation. The current rate for 2012-2013 is \$3,000 per student.

FEDERAL

TITLE I – IMPROVING BASIC PROGRAMS (NO CHILD LEFT BEHIND)

These funds are received by the Fairfield Public School System from the State of Connecticut acting as the agent for the Federal Government and are used to provide additional resources to disadvantaged children. Title I funds are distributed based on free and reduced lunch participation and are closely regulated by federal legislation. These funds provide additional learning support for students and professional development for teachers. McKinley and Holland Hill are Fairfield's Title I schools.

TITLE II – PART A – TEACHERS (PROFESSIONAL DEVELOPMENT & CLASS SIZE REDUCTION)

This funding is received by the Fairfield Public School System from the State of Connecticut acting as the agent for the Federal Government. These funds provide professional development to improve teacher and administrator quality and are also used to support programs and staff which reduce class size.

TITLE III – PART A – ENGLISH LANGUAGE ACQUISITION

This funding is received by the Fairfield Public School System from the State of Connecticut acting as the agent for the Federal Government and is used to develop and implement new language support programs and academic content support programs for English Language Learners (ELL).

CARL PERKINS CAREER AND TECH ED IMPROVEMENT ACT

This funding is received by the Fairfield Public School System from the State of Connecticut acting as the agent for the Federal Government and provides funds to supplement the cost of vocational and technical education.

IDEA – PART B

These are funds received by the Fairfield Public School System from the State of Connecticut acting as the agent for the Federal Government and used to help offset the costs of special education through the Individuals with Disabilities Education Act (IDEA). Funding must be used to supplement, not supplant, local and state funding. School districts are required to show, under audit, maintenance of fiscal effort. This fund supports the special education and related services for students aged 3 to 21.

IDEA – PART B – PRESCHOOL

These are funds received by the Fairfield Public School System from the State of Connecticut acting as the agent for the Federal Government providing funds through the Individuals with Disabilities Education Act (IDEA) to help offset the costs of special education and related services for children aged 3-5. These funds must supplement, not supplant, local and state funding. School districts are required to show, under audit, maintenance of fiscal effort.

UNIVERSAL SERVICE FUND (USF) PROGRAM

The Universal Service Fund (ERate) provides districts with funds to offset the cost of telecommunications and other technology-related expenses with the primary focus on providing internet and telephone access to students and staff in school systems across the country. Funding is realized as a credit to invoiced telecommunications services.

**GRANT AND SPECIAL REVENUE DESCRIPTIONS
REVENUE TO THE BOARD OF EDUCATION**

REVENUE FROM OTHER SOURCES

CONTINUING EDUCATION

These are monies received as payment from those attending adult education classes.

HIGH SCHOOL EQUIVALENCY (GED) MANDATED

These are monies received from the town of Easton to allow students to attend GED classes in Fairfield.

SUMMER SCHOOL

These are monies received as payment for mandated summer school classes and enrichment summer school classes.

FOOD SERVICE REIMBURSEMENT

These are monies received from the School Food Service Program to support a .4 FTE for accounting support and benefits. It also covers the reimbursement for copier costs to the school district. In addition, funding pays for a portion of the custodial services and utilities costs associated with the Food Service Program.

MUSIC INSTRUMENT STUDENT RENTAL

These are monies collected for instrument rentals. The funds received are used to repair, refurbish and or replace instruments annually.

FAIRFIELD EDUCATION ASSOCIATION (FEA) REIMBURSEMENT

These monies are received from the FEA to cover fifty percent of the salary of the president of the association.

PRESCHOOL TUITION

Tuition is collected to offset the cost of transportation for the Burr and proposed Dwight Preschool programs. Tuition is prorated based on a student's eligibility for free or reduced lunch.

PARKING FEES

A fee of \$100 per parking space is collected from students at each high school to offset the cost of security at both locations. The funds are deposited into the respective student activity accounts. Each high school reimburses the district from the revenue collected.

CUSTODIAL FEES

These are monies received from the rental of school facilities by organizations not affiliated in any way with the town for the cost of custodial overtime related to the use of the building.

TRANSPORTATION REIMBURSEMENT (FROM TOWN)

This is a reimbursement from the Town of Fairfield for a .1 FTE of the transportation supervisor and a .1 FTE of a clerical position for overseeing all aspects of the non-public school transportation for the town.

NON-PUBLIC REVENUES (FOR USE BY NON-PUBLIC SCHOOLS ONLY)**NON-PUBLIC HEALTH & WELFARE (FROM TOWN)**

This funding from the Town of Fairfield supports the required “Child Find” activities for students attending the non-public schools. Under IDEA, all school districts are required to seek out and identify students with disabilities by performing comprehensive evaluations (at no cost to parents) for any and all students suspected of having a disability including those students attending the non-public schools within the town’s boundaries (regardless of residency).

NON-PUBLIC TITLE II PART A – TEACHERS (PROF DEV & CLASS SIZE REDUCTION)

This funding is received by the Fairfield Public School System from the State of Connecticut acting as the agent for the Federal Government and used for the non-public schools to support teacher professional development for improving teacher quality and increasing the number of highly qualified teachers and principals.

NON-PUBLIC IDEA PART B

The Individuals with Disabilities Education Act requires that a proportionate share of the overall grant be used to support students who are parentally placed in the non-public schools. These funds are used to support teacher education and materials for these students in collaboration with parents and school staff.

EXECUTIVE SUMMARY

**FAIRFIELD PUBLIC SCHOOLS
BOARD OF EDUCATION BUDGET CUTS
2013 - 2014**

\$ (10,000)	The Board of Education plans to raise custodial fees by 10% for community use of facilities. The additional revenue will offset custodial overtime, thereby reducing the budget by this amount.
(50,000)	The Superintendent's budget included funding for the anticipated increase in pension costs for the food service program. The Board of Education removed the \$50,000 from its budget and the increase will be assumed by the food service program along with all other program costs to continue as a self-sustaining program.
(157,000)	The Board of Education was able to save \$157,000 in transportation costs by implementing a full-day Kindergarten program. The elimination of a distinct bus schedule for the extended day program results in savings.
(33,069)	School allocations were trimmed at the elementary level to be consistent with reductions already taken at the high school level.
(21,588)	School allocations were trimmed at the middle school level to be consistent with reductions already taken at the high school level.
(70,760)	The Board of Education elected to delay the replacement of computer monitors across the district by reducing this account by \$70,760.
\$ (342,417)	Total Board of Education reduction to Superintendent's Proposed Budget

Health Ins	\$ 5,431,206	3.65%
Pension	\$ 521,167	0.35%
Salaries	\$ 794,582	0.53%
Other Accounts	\$ 145,815	0.10%
Total	\$ 6,892,770	4.63%

101 Teaching Staff

Classroom teachers for all grades and subject areas including Art, Music, PE, SPED, librarians, Speech and Language, ELL and gifted teachers. It also includes the portion of salaries for individuals who provide curriculum support for Art, World Language, Health, Music, and Physical Education.

103 Certified Support Staff

These positions include Deans, Instructional Improvement Teachers, Guidance Counselors, Psychologists and Social Workers.

105 School Administration Staff

Headmasters, Pupil and Personnel Admin., Principals, Asst. Principals, Housemasters, Curriculum Leaders, Special Education Coordinators and Athletic Directors.

107 Certified Administrative Staff

Superintendent, Deputy Superintendent, Director of Secondary Education, Director of Elementary Education, Director of Pupil and Special Education Services, Director of Human Resources.

109 Directors/Supervisors/Managers

Director of Operations, Director of Finance, Supervisor of Transportation, Manager of Facilities, Manager of Construction, Security & Safety and Manager of Information Technology.

111 Secretarial/Clerical Staff

Secretarial staff assigned to schools and departments.

113 Paraprofessionals

Building and special education paraprofessionals assigned to the schools.

115 Custodial Staff

Custodians in the district.

117 Maintenance Staff

Maintenance workers, warehouse driver, and grounds crew.

121 Support Staff

General Accountant, School Services Liaison, Business Office Administrative Assistant, Custodial Supervisor, Facilities Supervisor, Security Staff, Human Resources Support Specialist,

Superintendent's Office Administrative Assistant, Student Assistance Counselors, Information Technology Staff, Transition Specialist, and Career Education Assistants.

123 Information Technology Support Staff

Technical support and maintenance for computer systems, networks, software and hardware.

125 Special Education Trainers

Staff who provide direct instructional support to children with autism using the principles of Applied Behavioral Analysis.

129 Part-Time Employment

Teacher stipends for mentoring beginning teachers and Dept./Community Liaisons to coordinate instructional initiatives. Substitute coverage for teachers, clerical support and custodians including custodial overtime. Also, part-time hours for substitute service clerk to handle absence call-in program, SPED bus aides and summer school salaries. Hourly tutors at the middle school level, athletic trainer coverage, interns, lunch aides and other security services are also included in part-time employment.

131 Wage and Benefit Reserve

Reserve for contract settlements with employee bargaining units and adjustments that might be provided to non-bargaining unit employees. Also includes estimated benefit expenses for any new positions in the budget.

133 Staff Replacement

Reduction to the budget for the unanticipated replacement of higher paid senior staff with lower paid new hires. The negative adjustment for custodial coverage is an offset to salaries paid by the Food Service Program.

135 Degree Changes

Payment for advanced degrees earned during the fiscal year.

135	Degree Changes	\$ 280,000	\$ 280,720	\$ 720
Total		\$ 98,090,441	\$ 98,885,023	\$ 794,582

101 & 103 - Teachers and Certified Support Staff

- July 2013 – June 2014 will be the second year of a three year contract with the Fairfield Education Association (FEA). The bargaining unit's overall increase for 13-14 is 2.25%. There is no increase in extra duty pay including homebound and curriculum work, summer school, miscellaneous stipends and stipends for coaches for the term of the contract.
- Although there is a sizable shift in overall FTE's from the elementary to the secondary level, there is only a slight increase in FTE's.

105 - Administrators

- Fairfield Public Schools is also in the second year of a three year contract with the Fairfield School Administrators Association (FAA). The agreement provides salary increases of 1.75% for each fiscal year of the contract. Administrator salaries were budgeted in the wage and benefit reserve for 12-13 since salary schedules were not available at the time. Consequently, the increases shown from budget to budget represent two years of increases in these salary line items. There are also slight savings in this category due to retirements.

111 - Secretarial Staff/Clerical Staff

- Decrease due to turnover. Contract negotiations are in process; therefore salary increases are budgeted in wage and benefit reserve.

113 - Paraprofessional Staff

- Significant decrease is the result of a reduction in Board of Education funded positions and turnover. Overall paraprofessional positions increased with a shift in funding to grants. Contract negotiations are in process; therefore salary increases are budgeted in wage and benefit reserve.

115 - Custodial Staff

- Decrease is also due to turnover. Contract negotiations are in process; therefore salary increases are budgeted in wage and benefit reserve.

117 - Maintenance Staff

- The maintenance staff is covered by the same contract as custodians; therefore salary increases are also budgeted in the wage and benefit reserve.

123 - Info Tech Support Staff

- The slight increase is the net effect of a 1.0 FTE reduction and an increase in work year to 12 months for middle school computer techs. Contract negotiations are in process; therefore salary increases are budgeted in wage and benefit reserve.

125 - SE Trainer Staff

- 1.0 FTE reduction. Salaries budgeted in wage and benefit reserve.

129 - Part-time Employment

- A part-time clerk was added at both high schools to allow additional coverage of computer labs and the library media center. There is also additional funding for interns in lieu of substitute teachers.

- See pages 125 through 136 in the Support Information section of the budget for details regarding FTE's and funding sources.

201 Health Insurance

Dental Insurance – Claims and fees for dental coverage administered through Sunlife. This coverage is self-insured.

Health/RX Insurance – Anthem Blue Cross administers our medical health insurance and Caremark provides prescription drug coverage on a self-insured basis. Funds budgeted here are net of employees' contributions, funds from grants and Food Service program, etc.

Insurance, Retirees – Certified retirees may continue their insurance coverage at full premium upon retirement. The state subsidizes a portion of this premium on behalf of the retiree. Funds for all insurance benefits, both active and retiree, are held in the Town Medical Retention Fund.

203 Life/Disability Insurance

Life Insurance – Provides coverage for employees who are eligible for life insurance.

Disability Insurance – Coverage for employees who are eligible for disability insurance.

205 Social Security

Social Security/Medicare FICA – All earned income is subject to the Medicare portion of FICA except for teachers covered by teacher retirement and hired in Fairfield prior to April 1986. As senior staff retires, this account will continue to require additional funding for new staff until the Medicare portion of social security applies to all teachers. All non-certified, contracted staff is subject to both the FICA and Medicare portions of social security. An hourly and seasonal employee's earnings are subject to FICA/Medicare and qualify by date of hire for either the FICA portion of social security or the FICA Alternative Retirement Plan.

207 Pension/Retirement Severance

Pension and Other Insurance – Provides funding for annuity payments to eligible employees. The increase in the account is for the funding of the Town of Fairfield pension fund, and is based on a report from the actuaries for the town.

2	BENEFITS.....	\$26,696,741
----------	----------------------	---------------------

		Budget 2012-2013	Proposed 2013-2014	Increase (Decrease)
201	Health Insurance	\$ 16,622,772	\$ 22,053,978	\$ 5,431,206
203	Life/Disability Insurance	\$ 244,665	\$ 256,763	\$ 12,098
205	Social Security	\$ 2,213,500	\$ 2,118,229	\$ (95,271)
207	Pension/Retirement	\$ 1,746,604	\$ 2,267,771	\$ 521,167
Total		\$ 20,827,541	\$ 26,696,741	\$ 5,869,200

201 - Health Insurance

- There are many components that determine the Board’s annual contribution to the medical retention fund. They include the beginning fund balance, other sources of revenue (i.e., employee contributions, grant funds, rebates, etc.), projected expenses, and sufficient ending balance to include reserves for incurred but not reported claims (IBNR). Overall health insurance claims are estimated to increase approximately 20% over the 2012 renewal, based on claims experience from Nov 2011 to Nov 2012 with a 20 month trend factor (Nov 2012 thru June 2014). A medical trend factor of 9.2% was used due to the Board of Education’s current reserve position. 2012 -2013 projected claims are now estimated to be 9 % higher than anticipated and budgeted. Consequently, there is an estimated shortfall of approximately \$500,000 in the fund balance to pay claims incurred this year but payable next year. This claims history not only impacts the current fund balance position, but is the basis for trended claims in the 13-14 budget. The net result is an overall increase in this account is 33% which is by far the single largest increase in the 13-14 budget.

207 - Pension/Retirement

- There is also a 30% projected increase in the Town’s defined benefit pension plan for non-certified Board of Education employees.

301 Instructional Services

Program Assessment – These funds provide for program evaluations, membership in the Tri-State Consortium, and the fall 2012 school climate survey.

Curriculum Development – These funds are used to support the development and writing of curriculum projects. Additional funds for curriculum projects are included in the program implementation budgets for each department.

Student Achievement Intervention – These funds provide instruction for students who need additional support to achieve academic benchmarks.

Extended Year Services – These funds support elementary and middle school summer instruction focused on reading, writing and mathematics.

Arts for Youth – This program is sponsored by the PTA. All students K through 5 benefit from performances brought to the schools. This is partially subsidized by the Board of Education, by private enterprises and by parents.

Music Festival District-wide – Covers costs associated with this annual event such as music, supplies, and custodial fees.

Music Purchased Services District- Costs associated with music concert accompanist fees for the elementary and middle school music programs. Funds to support the fourth-grade assured music experience at the symphony orchestra are included in this category.

Homebound Instruction, Special Education – These funds provide hourly instruction to students with disabilities who are unable to attend school for any reason. Services are provided in accordance with the student's Individualized Education Plan.

Homebound Instruction, Non-Special Education – These funds provide instruction to students who are medically unable to attend school. In compliance with state law, services are provided after the student has missed ten consecutive days of school and is expected to be out for a minimum of an additional five days.

303 Pupil Personnel Services

Occupational Therapy – This account provides occupational therapy as a related service for students with special needs. Occupational therapy is provided by a private contractor.

Physical Therapy – This account provides physical therapy as a related service for students with special needs. Physical therapy is provided by a private contractor.

Professional Consultation – Centralized account used to provide consultation services to teams of educators serving students with complex needs including, but not limited to autism. This account is underfunded as we receive reimbursements under the excess cost provision.

Case Studies, Psychiatric/Psychological – The funds in this account purchase evaluation and/or consultation with psychiatrists, neurologists, clinical psychologists, etc., as needed to help plan educational programs for students with complex learning needs.

Contracted Audiological Services – This account funds audiological services provided by Cooperative Educational Services for the students with hearing and/or language impairments.

409 Student Activity Expenses

These accounts support the supply and equipment expenses for the sports, drama and music after-school programs at the middle and high schools and are budgeted by the schools using their school allocation.

3	INSTRUCTIONAL	\$2,082,473
---	---------------------	-------------

		Budget 2012-2013	Proposed 2013-2014	Increase (Decrease)
301	Instructional Services	\$ 265,753	\$ 220,590	\$ (45,163)
303	Pupil Personnel Services	\$ 1,248,469	\$ 1,285,473	\$ 37,004
409	Student Activity Expenses	\$ 572,855	\$ 576,410	\$ 3,555
Total		\$ 2,087,077	\$ 2,082,473	\$ (4,604)

301 - Instructional Services

- Decrease is due to the elimination of funding for an annual climate survey, extended year services and student achievement intervention.

303 - Pupil Personnel Services

- Anticipated 3% increase in occupational and physical therapy contractual costs.

409 - Student Activity Expenses

- Increase is the result of principals/headmasters directing a greater share of their school's allocation to this area for sports costs.

305 Professional/Technical Services

Enrollment Projection – Provides funding for annual and long-range projections of student enrollment. This account will pay for any updates to the recently completed enrollment projections.

Technical Consulting – Provides funding for professional services including asbestos management, laboratory testing, ventilation studies, and consultant services for projects requiring architectural/engineering work, civil, traffic studies, and information technology consulting.

Legal Services – Provides funding to cover the cost of attorneys who represent the Board of Education in negotiations, arbitration, labor proceedings, special education and other student matters including administrative and court proceedings. Funds are also used in disputes regarding student accommodations and to represent employees and volunteers as required by statute.

Records Retention – Provides funds to maintain permanent student, personnel and business services records.

307 Other Services

Extra-Curricular Salaries – These funds provide for extra-curricular activities. They are budgeted centrally and distributed to the three middle schools and high schools to ensure equal opportunities for student participation in extra-curricular activities, regardless of the site's overall student population.

Senior Course Subsidy – These funds provide courses for senior citizens at a nominal charge.

Professional Expenses – This account provides funds to purchase services for students with disabilities from outside contractors, and also funds the contractual stipend obligation for Special Education paraprofessionals who provide support for students in what is considered above the traditional job assignments. The stipend is \$500 per year.

Publications & Research – Provides funds for professional periodicals, purchasing research services, newspapers, professional journals, in-service training publications, maintenance publications, financial publications, business journals and related materials.

Extra-Curricular Salaries, Special Education – This account funds hourly wages for individuals hired to support students with special needs as they participate in school-sponsored extra-curricular activities in compliance with IDEA (Individuals with Disabilities Education Act).

Professional Research – This account provides funds for materials, studies, professional books, journals, etc., which are necessary to keep school district personnel current on trends and research in the field.

309 Safety and Security Expenses

Provides funding for hand-held communication devices, such as walkie-talkies and cell phones. Other expenditures such as special duty police, video cameras, other electronic equipment and security locks are funded here.

315 Rentals

Provides funding for the rental of sports facilities and storage for the swimming, ice hockey and sailing teams at the high schools, and also funds swimming pool rentals for special needs students.

325 Personnel/Recruitment Expenses

Covers expenses incurred in advertising vacancies on-line and in newspapers and professional journals; for a recruitment team to conduct on-site visits to check credentials of finalists for various positions; outside consultant service to cover the preliminary screening interview of administrative finalists if needed.

317 Student Transportation

Transportation Contract

This account provides funds to contract with First Student for the transportation of students to and from school. Funds for non-public bus runs are carried in the Town budget but managed by the Fairfield Public Schools.

Special Transportation Contract

These transportation services are provided year-round for Fairfield's special education students whose programs are in Fairfield and other facilities across the State. Vehicles are contracted by the day for a specified number of hours. There are various types of vehicles required based on the needs of individual students (wheel chair, air conditioned).

Other Contracted Charges

This account covers a variety of transportation expenditures, including extra costs due to early dismissals, late runs from the secondary schools, extra hours for special buses, part-time drivers who help staff the bus yard office and daily mail delivery to all schools.

Town-wide Music Festival Transportation

Each year either the string instrumental, band instrumental or choral program is featured in a town wide festival. These funds provide for student transportation to rehearsals for the performance.

Regional Center for the Arts, Six to Six Magnet, Charter, Vocational Aquaculture and Vocational Agriculture and Summer School Transportation – Transportation of students to regional, magnet, charter and technical schools is provided on a daily basis for Fairfield students who are enrolled in these programs. Where state funds are provided, they are netted against total costs to arrive at the budgeted amount.

329 Tuition

Tuition to Other Schools – This account provides tuition for students who, due to the nature and extent of their disability, require very specialized educational environments that cannot be provided within the Fairfield Public Schools.

Tuition, Six to Six Magnet – This is a regional innovative elementary school that provides an extended day program. We are projecting 34 students to attend in FY 14.

Tuition, Vocational Agriculture School – This account covers tuition for students who attend the regional vocational agriculture school located at Trumbull High School. We are projecting 2 students to attend in FY 14.

Tuition, Aquaculture – This account covers tuition for students who attend the regional vocational aquaculture school located in Bridgeport. We are projecting 71 students to attend in FY 14.

Tuition, Regional Center for Arts – These funds pay the school system's share of costs for regional interdistrict initiatives such as the regional dance program. We are projecting 34 students to participate in FY 14.

5	TRANSPORTATION.....	\$7,444,121
----------	----------------------------	--------------------

		Budget 2012-2013	Proposed 2013-2014	Increase (Decrease)
317	Student Transportation	\$ 7,583,864	\$ 7,444,121	\$ (139,743)
Total		\$ 7,583,864	\$ 7,444,121	\$ (139,743)

317 - Student Transportation

- After a formal bid process conducted by the Town Purchasing Agent, First Student has been awarded another 5 year contract beginning in 2013-2014. In the new contract the average age of the fleet was reduced with an expectation of fewer equipment failures and most notably, fuel will be purchased by the Board of Education and no longer included in the daily price of a bus. The removal of fuel from the contract affords the opportunity to procure lower pricing than a contractor would otherwise include in a long-term bid. Consequently, fuel is a variable in the first year of this contract without solid historical usage and firm pricing. Three fewer buses were budgeted with the conclusion of grandfathering at the middle school level and an additional bus was added for additional magnet school transportation which is likely. Additional buses were added for an additional preschool at Dwight but they are funded by grant revenue. In addition, the BOE reduced the transportation budget by \$157,000 with the implementation of full day kindergarten, eliminating special bus runs.

6	TUITION.....	\$3,903,421
----------	---------------------	--------------------

		Budget 2012-2013	Proposed 2013-2014	Increase (Decrease)
329	Tuition	\$ 3,836,255	\$ 3,903,421	\$ 67,166
Total		\$ 3,836,255	\$ 3,903,421	\$ 67,166

329 - Tuition

- Total tuition costs increased approximately 1.75% based on special education tuition costs, anticipated excess cost reimbursement and projected magnet school enrollment.

319 Conference and Travel

Payment for conferences and/or workshop presenters to support the improvement of instruction or district operation. Staff are eligible for mileage reimbursement at the IRS rate for travel to/from workshops/meetings and between school locations.

321 Professional Development

Program Implementation Accounts

Funding for curriculum and assessment development, resources and professional development to implement curriculum in each subject area.

Staff Development

Staff development initiatives including opportunities to earn Continuing Education units (CEU's) and support training /mentoring for 1st and 2nd year teachers. Funds are used to pay workshop presenters, to pay for workshop supplies and materials and to cover the cost of substitutes for participants.

Training

Pre-employment physical examinations of custodians, mandated asbestos material remediation courses, and other training programs for maintenance and transportation and other departments.

Tech Services

This account supports computer and other technical training for clerical, secretarial and administrative staff, as well as advanced training for employees in information system positions.

Professional Growth Tuition

This account funds a contractual obligation to reimburse partially or fully those approved requests by professional staff.

Secretarial In-Service Reimbursement

Expenses in accordance with the contract based on the recommendation of the FAEOP Executive Board and the approval of the Superintendent of Schools for the improvement of skills.

323 Postage

Provides for bulk mailings, first class mailings, post cards, postal meter, permit fees and package mailing.

327 Printing/Copying

Printing /copying– Printing of newsletters and other publications and copying costs for instructional and administrative materials.

Copying – We contract with suppliers in a "lease plus cost per copy" agreement in all schools. The supplier owns and maintains the copy equipment. This affords us the latest copying technology without the purchase of equipment.

7	OTHER PURCHASED SERVICES.....	\$1,284,820
----------	--------------------------------------	--------------------

		Budget 2012-2013	Proposed 2013-2014	Increase (Decrease)
319	Conference & Travel	\$ 146,254	\$ 141,518	\$ (4,736)
321	Professional Development	\$ 664,994	\$ 647,512	\$ (17,482)
323	Postage	\$ 108,374	\$ 110,968	\$ 2,594
327	Printing/Copying	\$ 390,286	\$ 384,822	\$ (5,464)
Total		\$ 1,309,908	\$ 1,284,820	\$ (25,088)

321 - Professional Development

- Technology training was reduced after an initial phase of Munis training this year was completed.

400 Supplies, Books and Materials

These accounts provide funding for supplies, books and materials budgeted by the schools using their school allocation.

401 Instructional Supplies and Materials

Instructional Services

District support for instructional supplies and materials in each subject area. These funds provide resources for the implementation of curriculum district-wide.

Mill River Supplies & Materials – These funds provide materials for the Mill River field experience such as equipment and trail gear - rubber gloves, books, film and other expendables.

Test Materials, Elementary, District – The funds in this account supply individual test materials and supporting equipment for the elementary school psychologists.

Pupil Personnel Services

Individual test materials and supporting equipment for the elementary and middle school psychologists.

Supplies, Gifted & Talented – The funds in this account provide supplies and materials to meet the unique needs of gifted learners at the elementary and middle school levels.

Supplies & Materials, Special Education – The funds in this account are used to supply testing and instructional materials used by the district Speech and Language Pathologists.

Technology Services

Instructional Software – The computer software account provides for district-supported standard software purchases and license agreements in support of and required for delivery of instructional programs.

402 Instructional Supplies/District Support

Business Services

Instructional Supplies – Funds for supplies are allocated here to each school on a per-pupil basis. These funds support the bulk purchase of office supplies, school supplies as well as technology and copier supplies.

Instructional Supplies, System-wide; Copying Supplies, System-wide – These funds are budgeted to cover the cost of certain school supplies that are too costly for the individual school budgets.

New Classrooms, Curriculum Support – New classroom curricular materials are budgeted centrally at the elementary level and allocated to schools when appropriate.

403 Office/General Supplies

These funds support the office supply expenses for the Central Office and Board of Education.

404 Supplies, Books and Materials, District Support

This account provides funds for medical supplies used by school nurses.

411 Textbooks

Texts & Materials, English Language Learners (ELL) – Provides instructional supplies and materials for English Language Learners.

SE Books & Materials, K-12 – These funds are used to purchase texts and materials for special education needs. Books and materials are maintained in a central resource library and are shared district-wide.

415 Other Supplies/Materials

Professional Books – These funds are used to purchase resource texts and periodicals for use in professional development activities.

Supply/Text Inventory – This account is used to assist the schools with books and materials needed due to enrollment or section increases.

Personnel Expenses – This provides an orientation program for new staff members and covers costs of recognition for long-term employees, retirees and other miscellaneous expenses.

311 Utility Services

Provides funding for gas, water, electricity, and heating fuel for each site based on the history of past usage. Allowances have been made for reductions due to energy conservation and increases due to added square footage and other new space.

Central Office Utility Expenses – Provides funding for the Central office facility to include heat, water, and electricity. The budgeted amount is based on the square foot area of 501 Kings Highway East.

Water – Provides funds for ordinary school consumption plus the costs of sprinkler systems at the high school and standpipes and fire hydrants at several buildings.

Electricity – Provides funds for the ordinary electrical needs of the schools and other centers including lighting, power, air conditioning, and electrical heating of the relocatable classrooms.

Telephone – Provides funding to support the school system's portion of the telephone system for the Town of Fairfield and Board of Education. Costs include line charges for the Centrex system, fax machines and data lines as well as toll charges. Funds are also included for system maintenance and call accounting.

Heating Fuels – Provides funding to purchase heating fuel (gas or oil) for all sites. Combining both heating fuel sources into one account mirrors the Town Hall method of funding.

Telecommunications Infrastructure – Provides funding to cover the cost of data communications between the school buildings, the town, and the cost of the Internet, less the Universal Service Fund anticipated credit.

313 Maintenance Services

See pages 150 through 152.

424 Other Supplies

Custodial Supplies – Provides funds for purchasing the common cleaning and building support supplies in bulk and distributing them to all schools. Products include paper goods, cleaners, floor finishes, light bulbs, cleaning implements, soaps and detergents.

Medical Supplies, Other – Provides funds for the replacement of EpiPens and other medical supplies required in all buildings for emergency use.

429 Maintenance/Repair Supplies

Transportation Supplies – Supplies related to student transportation such as non-standard child seats, communication, and office supplies.

Grounds Supplies – Provides funds for traffic and field marking paints, asphalt patching, seed, fertilizer, weed killer, topsoil, and fence repairs.

Maintenance Materials & Supplies – With the continued need to increase this account as we add square footage, it became more difficult to properly track the expenses by category. Therefore this account has been split into three accounts. The existing maintenance materials and supplies account covers a variety of items from lumber to masonry.

Plumbing/Heating/Air Conditioning Supplies – This account pays for items such as HVAC, gaskets, belts, filters, and pipes.

Fire/Protection/Electrical-Supplies – This account pays for electrical supplies such as ballasts, exhaust fans, electrical fittings, etc.

Maintenance Vehicles, Parts & Fuel – Provides funds for repairs and parts for grounds equipment, trucks, and tractors; batteries, antifreeze, oil, grease, points, plugs, and small tools; gasoline for the maintenance and grounds vehicles equipment, as well as lease or purchases of maintenance vehicles. This account includes all school district vehicles.

9	OPERATIONS & MAINTENANCE OF BUILDINGS.....	\$8,772,287
---	--	-------------

		Budget 2012-2013	Proposed 2013-2014	Increase (Decrease)
311	Utility Services	\$ 4,151,200	\$ 4,005,887	\$ (145,313)
313	Maintenance Services	\$ 4,050,519	\$ 3,966,689	\$ (83,830)
424	Other Supplies	\$ 346,670	\$ 343,211	\$ (3,459)
429	Maintenance/Repair Supplies	\$ 456,500	\$ 456,500	\$ -
Total		\$ 9,004,889	\$ 8,772,287	\$ (232,602)

311 - Electricity

- The current electric generation bid contract period (1/1/12 - 12/31/13) extends mid-way through next fiscal year. Generation rates decrease in the subsequent contract award period (1/1/14 – 12/31/14) by .0116 per kWh for the remainder of the fiscal year. Estimated savings with the successfully bid generation rates will be offset by anticipated increases in transmission and distribution charges for a slight overall savings.

311 - Heating Fuel

- Savings in heating fuel is due to a \$.41 decrease in natural gas rates and a decrease in usage based on 3 year average usage .

501 **Capital Outlay**

Equipment, Schools – Funds are allocated to each school for new and replacement equipment. Sites develop equipment purchase lists based on their allocation. Equipment is purchased in bulk based on purchasing procedures to achieve the best pricing.

Equipment, Special Education – Classroom and other general equipment used for students with significant disabilities who require specialized equipment.

Equipment, ECC – These funds provide assistive equipment for students with severe disabilities in the Early Childhood Center.

Special Music Instruments – This account funds the purchase or loan of uncommon instruments required to provide balanced music groups. This is an ongoing program designed to build the inventory of such instruments within the school district.

Special Education Assistive Technology – This account funds assistive technology and/or adaptive equipment necessary for individual students with disabilities.

Equipment, Special Education – The funds in this account are used for the purchase or replacement of sound enhancement units and auditory trainers.

New Classroom Capital Outlay System-wide – Funds provided to schools to open new classroom sections due to increased enrollment. Items such as student chairs and desks, teacher's desks, file cabinets, and wall maps are purchased. If a school is closing a classroom section the furniture and equipment is reallocated to a new section if size and type permit.

Equipment, Maintenance – Provides funds for the Maintenance Department for miscellaneous hand tools and equipment necessary for the upkeep of buildings and grounds. Items include vacuum cleaners, rug shampooers, ladders, scaffolding, hammers, drills, wrenches, folding tables, mowers, snow blowers, trimmers and other grounds construction equipment.

Equipment, System-wide – This account is used to purchase equipment to support schools and departments due to an unexpected need or unsafe condition; it may also cover exceptional shipping costs for large items.

Equipment Replacement, Schools – This account provides for the replacement of unanticipated equipment failure that must be replaced.

Equipment, School Nurse District-wide – Funds used for equipment in the nurse's station in each school.

Equipment Replacement, Theft/Damage – This account funds items that have been lost, stolen and/or destroyed and are required to be replaced. In some cases insurance covers the loss and offsets the expense. No amount is budgeted for this account. Expenses are covered by year end account balances.

503 **Technology**

Funds in this account are used to cover the expenses of the district technology plan. See Support Information section for more detail.

10	CAPITAL.....	\$1,622,101
----	--------------	-------------

		Budget 2012-2013	Proposed 2013-2014	Increase (Decrease)
501	Capital Outlay	\$ 235,700	\$ 241,700	\$ 6,000
503	Technology	\$ 971,968	\$ 1,380,401	\$ 408,433
Total		\$ 1,207,668	\$ 1,622,101	\$ 414,433

503 - Technology Capital

- See pages 144 through 149 in Support Information section for more details.

601 Dues and Fees

Dues and Fees – This line item supports the school system's participation in a variety of professional organizations and fees for educational services. CAFE dues are included in the Board of Education portion of this account.

CES Affiliation – Cooperative Educational Services is the regional educational service provider for our area. It was founded on the premise that local school districts can benefit by working together to solve common problems and to increase efficiency. The account represents our annual membership fee.

11	DUES & FEES.....	\$78,385

Explanation for High School Class Sizes under 15

A high school class may have fewer than 15 students in any given class period for one or more of the following reasons:

- 1) The class is the culminating course in a sequence of courses. An example would be the final year of a World Language sequence.
- 2) Some Advanced Placement classes.
- 3) Scheduling:
 - a) A common course offering multiple sections may result in one class with fewer than 15 students due to scheduling. For example, an Algebra class at Fairfield Ludlowe has 11 sections totaling 215 students; one of these sections has fewer than 15.
 - b) A course may have enough student interest for two sections averaging 20 students each, but due to scheduling, one course may have 14 students and the other, 26. Economics at Fairfield Warde is an example of this situation.
- 4) Introducing a new course; a full sequence of classes is offered with small enrollment anticipated. Chinese would be an example of this situation.

Some classes with an insufficient number of student requests are cancelled; not every requested course in the Program of Studies is offered in each high school each year.

Class Size/Teacher Load

Grade Level Department		Reference
Elementary Class Size	Grade K-2 maximum of 23; Grades 3-5 maximum of 25. McKinley Elementary School: Grades K-2 maximum of 21; Grades 3-5 maximum of 23.	Board of Education Class Size Guidelines
Elementary Class Size	“For normal class instruction, a class not exceeding 25 shall be desirable; a class size of 15 shall be considered a minimum; when class size in grades K-2 exceeds 30, the class may be divided or a teaching aide and/or intern provided; when class size in grades 3-6 exceeds 35, the class may be divided or a teaching aide and/or intern provided.”	Board of Education Policy #6310
Elementary Special Education, Intensive or Self-Contained Class Size	“not more than 10” students	Administrative policy noted in Collective Bargaining Agreement Part 2, p.66
Elementary Special Education, Resource Room Class Size	“not more than 20” students	Administrative policy noted in Collective Bargaining Agreement Part 2, p.66
Elementary Specialist Staffing (Art, General Music, P.E.)	The number of direct student contact teaching hours for 1.0 FTE elementary art, world language, music and physical education teachers is 21.5 per week, with corresponding reductions of hours per weeks proportionate to reduction in FTE status (e.g.: .1 FTE teaching load is 2.15 hours per week.) This direct student contact teaching time may be divided into a varying number and length of classes per week at the discretion of administration; provided however that no class shall be scheduled for a length less than thirty (30) minutes, except for World Language which shall not be less than twenty-five (25) minutes.	Contractual Language p.5
Elementary Specialist Staffing: Strings, Band, World Language (WL),	Strings: FTE determined by the number of students electing to take instrumental	District Past Practice

Class Size/Teacher Load

Grade Level Department		Reference
Social Worker (SW), School Psychologist	lessons in grades 4 & 5. Band: FTE determined by the number of students electing to take band lessons in grade 5 WL: FTE determined by number of class sections. SW: Staffing based on school size and student needs School Psychologist: 1.0 FTE per school	
Elementary Support Staffing: Language Arts Specialist (LAS) Math/Science Teacher (MST) Instructional Improvement Teacher (IIT) Library Media Specialist (LMS) English Language Learner Teacher (ELL)	LAS: 1.5 FTE for Band One schools and 2.0 FTE for Bands Two and Three schools MST: 1.0 FTE per school IIT: .5 FTE per school; 1.0 FTE for McKinley LMS: 1.0 FTE per school ELL: FTE assigned according to student need	District Past Practice; Elementary Staffing Model adopted for 2011-2012 school year.
Middle School Class Size	Secondary class size (grade 7 & 8) shall not exceed 35 students.	Board of Education Policy #6310
Middle School Team/Community/Crew Class Size	Shall not exceed 120 students (with team of four teachers)	Contractual Language, p.6 Effective 2012-2013 school year.
Middle School Grade 6 Class Size	"For normal class instruction, a class not exceeding 25 shall be desirable; a class size of 15 shall be considered a minimum; when class size in grades 3-6 exceeds 35, the class may be divided or a teaching aide and/or intern provided."	Board of Education Policy #6310
Middle School Grade 6 Class Size	Team sizes with less than four core teachers are reduced proportionately. e.g. 72 = 3 teachers	District Practice
Middle School Unified Arts/Specials Art, P.E. Health, Family & Consumer Science (FCS), Tech. Ed., Computer, World	Art: 120 students Computer: 110 W.L.: 110	Contractual Language, p.6

DCF = Department of Children and Families

DDS = Department of Developmental Services

Each year we consider the need to create new programs internally to address the needs of students in out of district placements. Most recently we created the Student Support Centers for students significantly impacted by autism. This program provides very high quality services to students who, in the past, would have required costly out of district programs. The majority of students currently placed out of district experience significant mental illness issues that impact both behavior and learning and require a very high level of staffing and psychiatric support to address their needs. Approximately 50% of the students are in residential placements and require 24 hour professional support to access educational opportunities. While we could create programs internally, they would be very costly and would also require space that is currently not available. In order to create the 24 hour supports of a residential program, we would need to address 2-3 shifts of mental health staff and support and adequate space to house a program 24 hours per day/365 days per year.

FAIRFIELD BOARD OF EDUCATION

MEDICAL INSURANCE FUND

The Town of Fairfield is self-insured in the areas of medical, prescription and dental coverage. A separate insurance fund is maintained by the Town with a distinct account for Board of Education medical insurance activity. The Fairfield Public Schools' Finance Department maintains its own records of claims, fees, revenues and fund balance for its medical insurance account. This narrative will explain the various aspects of the self-insurance fund and the process used to arrive at the 2013-2014 health insurance operating budget amount.

Revenue totals (highlighted in green below) are deposited in the medical insurance account each year from the Board of Education operating budget, employee premium contributions, retiree payments, rebates, food service program and grants. Employee contributions, retiree payments, rebates, food service and grants (purple highlight) are projected based on the most current information. The calculation of the Board of Education contribution (blue highlight) is explained in the narrative below.

AON-Hewitt provides consultative services to the Town and Board for all aspects of health insurance. Their services include plan design, claims projections, rate renewals, negotiation of fees and self-insurance funds. At AON's recommendation the Board raised the Individual Stop Loss from \$150,000 to \$300,000 effective 7/1/11 based on claims experience. AON recommends the higher level be maintained even though claims experience has deteriorated over the past year, because the higher level of claims did not exceed the additional insurance premium associated with a lower stop-loss amount. AON analyzes the most recent 12 month claims experience to project our costs (claims and fees) for the following year. AON then applies a trend factor as a forecast of claims cost increases to account for inflation, utilization, government mandates and new treatments, therapies and technology. For 2013-2014, AON provided projections with a 7% and 9.2% trend factor (depending on the projected IBNR). The Superintendent's Proposed Budget was developed using the higher 9.2% trend factor with a reserve balance of one-time the IBNR. The 2013-2014 projected expenses shown in red below are based on claims history through November 2012, excluding the Medicare fully insured plan. Projected costs also include the new guarantee risk charge required under the Affordable Care Act effective January 1, 2014.

Another factor in the development of the health insurance budget is the projected fund balance at year end. AON generally recommends a fund balance of at least 100% of IBNR. IBNR is an acronym for "Incurred But Not Reported" claims. It is a reserve a self-insured policyholder must maintain to cover claims that were incurred prior to the end of the contract year but paid in the subsequent year. The reserve calculation is updated as of 6/30 each year and is a retrospective analysis of actual paid claims for the completed claim year. Since this information is not available for budget purposes, the ratio of projected 2012-2013 claims to projected 2013-2014 claims was applied to the latest IBNR calculation to estimate IBNR for the 2013-2014 budget year-end. A target 6/30/14 fund balance of 100% IBNR was used for the 2013-2014 Superintendent's health insurance budget and is highlighted in orange on the summary below. The estimated 2013-2014 beginning fund balance (yellow highlight) is carried forward from the previous column based on an updated estimate for 2012-2013 as of November 2012. The amount of funding used in the 2013-2014 Superintendent's operating budget (blue highlight) is the amount needed to balance the equation.

Medical Insurance Profit Loss Summary

**2013-2014
Fairfield Public Schools
Technology Department Budget Proposal**

Budgetary Changes

Object Code 313 Maintenance Services: Decrease \$ 181,488 (13%)

Technology Systems and Equipment Maintenance:

This account previously funded replacement technology and audio visual equipment that are not part of the replacement plan or are off warranty and have failed. The balance of the account funded service agreements and parts for computers and audio visual systems. The portion for equipment replacements has been moved to Technology Capital to better represent equipment acquisition costs. The service agreement covers multimedia projection systems in classrooms.

Information Management Software:

This account funds antivirus programs, online emergency collection and notification systems, and the district student management system: Infinite Campus, implemented in February 2013. The fees for these systems are based on head count or the number of computers that use them. The decrease reflects the savings realized by implementing an integrated student management system rather than buying disparate systems.

Technology Service Agreements:

This account provides for contracted services for computer and peripheral support, such as the district Tyler Munis™ human resource and financial system, and disaster recovery systems. The district has proposed using Munis in a “software as a service” mode which means our data for daily business and disaster recovery is hosted at their site in Maine and accessed via the Internet. Tyler has backup systems across the country to insure redundancy and business continuity. The annual increase of \$50,000 eliminates the capital investment required in the form of replacement servers and storage hardware due in 2014.

Object Code 401- Instructional Supplies and Materials: Increase \$ 83,674 28%

Instructional Software:

This account supports the subscription and licensing of software programs which support individualized and group instruction. In some cases, these software subscriptions are in lieu of textbooks. The increase is due to the move to the use of more online, subscription based resources which shifted funds from other program accounts to this technology account such as Plato™ Learning and Overdrive™.

Object Code 503-Technology: Increase \$408,433 42%

Capital Outlay- Technology:

The capital plan reflects the continuation of the district's implementation of multimedia projection systems, and replacement of computers, servers and additional devices required due to student population growth at the high schools. The 2013-2014 Budget also includes an allocation for out of warranty replacement technology equipment previously funded through the maintenance accounts, which has been relocated to capital to better represent the cost of equipment.

**2013-2014
Fairfield Public Schools
Capital Budget Proposal for Technology**

Instructional Support Equipment (Hardware):

Installation of Multi Media Projectors- RLMS

Request: Install multimedia projectors in each academic classroom at RLMS.

Goal: The three year (2012-2015) technology plan calls for multi -media projectors throughout all schools. RLMS is the last middle school to receive projection systems.

Cost: \$368,500

RLMS has multimedia projectors in 9 classrooms. This project would complete the implementation in all academic spaces at RLMS and achieve equity between all three middle schools with this important instructional tool.

Installation of Multi Media Projectors- FWMS; FWHS; Stratfield

Request: Install multimedia projection systems in three classrooms and one computer lab at FWMS; install a projection system in the library computer lab at Stratfield elementary and install a projection system in the career center at FWHS.

Goal: Provide access to this instructional tool in classrooms previously not installed during building projects.

Cost: \$17,593

Acquisition of Technology Equipment for Elementary Schools

Request: Expand the number of mobile computing devices available to elementary students by expanding the distributed model (e.g. the allocation of computers to classrooms) to include a minimum of two mobile carts per school. This is the first part of a plan to support online testing to be implemented by the state of CT in 2014 and to support the migration to online resources in lieu of traditional texts and materials.

Goal: Provide for the implementation of the revised elementary distributed model.

Cost: \$175,000

Acquisition of Technology Equipment for High Schools

Request: To provide the science classrooms at FWHS with mobile computers to support instruction and digital tools in science instruction.

Goal: To provide equity with the science department at FLHS which has mobile carts. One cart of thirty computers would be provided for each discipline: chemistry, physics, earth science and biology. These computers would support the same opportunities at each high school to experience STEM (Science, Technology, Engineering and Mathematics) instruction. The world of science and science education requires the understanding and use of current technology. Additionally, the Next Generation Science Standards (final document due out in mid-2013) have added a new component of engineering to the science education standards our students will be expected to master which this equipment will support.

Cost: \$81,900

Acquisition of Technology Equipment to Support Enrollment:

Request: Due to enrollment growth, additional computers are required in the LMC at both high schools to enable student research; additional computers are required for growth of sections at two elementary schools, additional computers for teachers who share classrooms at FLHS and for the TV Studio at FWHS.

Goal: Adequate equipment to support curriculum per the three year technology plan adopted by the board in 2012.

Cost: \$31,850

Annual Refresh of Computer Hardware

Replacement Computers

Request: The district has a five year refresh plan. We are requesting replacement of the Personal Computers (PCs) and laptops acquired in 2005 and Apple Computers acquired in 2007. Replacement of monitors purchased before 2006 were also requested but cut by the Board of Education. The reduction of \$70,760 for computer monitor replacements by the Board of Education will delay the purchase of new monitors. These monitors are at their end of service expectancy but hopefully will continue to work until they can be replaced.

Goal: Replace 192 PC laptops = \$ 124,800

Replace 350 PC desktops = \$ 227,500

Replace 8 Apple computers = \$10,000

Replace 3 Interactive White Boards that are 8-10 years of age = \$4,197

Total Replacement Equipment Cost: \$ 366,497

Replace the current high school servers

Request: Replace the current high school servers.

Goal: Upgrade the existing structure to enable additional data storage space. The current servers cannot be expanded to store additional data and are past their useful lives. This is the second year in a two-year plan. FWHS was completed in 2012; we propose to complete the project with this work at FLHS in 2013.

We are implementing a redundant server network to replace the high school servers. A redundant server network eliminates a single point of failure because when one server processor (blade) fails, another performs that function. Additionally, a redundant server network allows for the expansion of data storage without replacing the server.

Cost: \$125,000

The current FLHS high school servers have reached their age and capacity limitations. Due to the storage of student portfolios and the growing volume of student work, capacity is an issue. The current servers have the maximum number of hard drives installed for data retention. Additionally, the Mac server and the Graphics server are reaching end of life in 2013 and have also reached capacity for storage. By switching to a redundant server network, we can utilize less expensive storage and expand as necessary to accommodate the growing high school student population. This plan also provides the district with the ability to continue to expand the use of virtual servers. Virtual servers minimize the hardware investment and are more ecologically friendly, as they require less cooling and electrical power.

Network Projects:

Request: To provide uninterruptable email access to the district Exchange Server email.

Goal: Post Sandy and Irene, the district's reliance on email to communicate to administrators, teachers and the student body became acutely evident when power outages brought email down for five business days. This investment will provide for a redundant email system, located at our support vendor's site in Trumbull.

Cost: \$22,986

Maintenance Services Detail Explanation

313 Maintenance Services

Major Maintenance Projects – Building restoration, repairs and fixes relating to safety in schools. See Support Information section for more detail.

Facilities Lease AHS – This account covers the Alternative High School program's yearly lease which is housed in the St. Emery's School at 108 Biro Street.

Repairs to Equipment, Special Education – The funds in this account are used to purchase service contracts for auditory trainers.

Central Office Facilities Expense – Provides funding for the payment of common charges and covers such items as building management, snowplowing, elevator, cleaning common areas and insurance. The budgeted amount is based on the square foot area of 501 Kings Highway East.

Maintenance Building Facility Expense – Provides funding for the cost of the lease payment for the 418 Meadow Street Facility, which houses the Maintenance Department for the Fairfield Public Schools.

Refuse Removal/Recycling – Provides funds for contracted pick up services for all school refuse. This includes the rental of trash receptacles. Unscheduled pick-ups at added costs have been included as well as funding for recycling programs.

Laundry – Provides funds for uniforms as required by the labor agreement with the custodians and maintenance staff, for the laundering of health room linens, for cleaning draperies, and mop accessories.

Extermination Services – Provides funds for the contracted service required to control insects and pests in schools, including termite protection.

Repairs to Equipment (Instructional) – Provides funds for replacement and repairs to instructional equipment such as art, physical education, home economics, tech ed and science equipment.

Maintenance Equipment Repairs – Provides funds for the repairs of equipment used on a daily basis by our maintenance staff such as scaffolding, power tools, pumps, motors, ventilators, and floor cleaning machines.

Music Instrument Repair – Repair of school owned musical instruments including piano tuning and repairs is centrally coordinated.

Office Equipment Repair – The repair of office equipment is centrally coordinated within this account. It cares for such items as fax machines, multi-function equipment, laminators, binding machines and other equipment. Items are replaced when repair is not cost- effective.

Painting – Provides funds for painting school buildings system-wide on a rotating annual schedule based upon need. Funds also are used to paint smaller areas that are in poor condition.

Plumbing, Heating & Air Conditioning – Provides funds for contracted boiler maintenance, HVAC repairs, boiler cleaning, tube replacements, licenses, emergency repairs, backflow valve annual inspection, and miscellaneous related items.

Fire Protection – Supports the replacement or recharging of fire extinguishers, sprinkler tests, emergency lighting, fire signal hook up and alarm system and maintenance.

Fire Alarm – This account provides funding for monthly, as well as semi-annual testing of all school buildings' emergency lighting systems to assure accordance with local fire codes.

Window Coverings – Window coverings are replaced from this account as they discolor, tear, and become damaged in other ways. This is a district-wide ongoing replacement program.

Glass/Glazing – This account is used to support the replacement of broken window glass at all schools.

Snow Removal/District-Wide – Snow plowing by outside contractors for snowfalls beyond the capacity of Board/Town services.

Paving/Sidewalks/Curbs – These funds are budgeted to cover system-wide small paving jobs.

Contracted Services, Grounds – Provides funds for outside services including septic system pumping and investigations, roto-rooter services, heavy equipment rentals, sports field and lawn maintenance at high schools, Roger Ludlowe Middle School, Sturges Park and an off-campus baseball field as well as other services as needed. This account also covers preventative maintenance of the conservation areas at Roger Ludlowe Middle School and Burr Elementary School sites.

Contracted Services/Boiler – This account provides funds for Tomlinson M.S., Roger Ludlowe M.S. and McKinley for required water treatment, chemical treatment and conditioning, leak detection and water measuring service agreements related to chillers.

Contracted Services/Fuel Tanks – This account provides funds for the required chemical treatment to the underground oil storage tanks system-wide and for the boiler and fuel tank monitoring and inspections.

Other Contracted Services – Provides funds for summer cleaning, elevator service, inspection and repairs as well as high efficiency particulate air cleaning.

Electrical – Provides funding for electrical projects.

Low Voltage System Preventative Maintenance – This account is for the regularly scheduled maintenance, cleaning, and inspection of all the schools' low voltage equipment as part of a preventative maintenance program. It includes the material and labor costs as well as warranty-related items for P.A./intercom system, video and projection, security and telephone equipment.

Roofing Preventative Maintenance – This account provides funds for a preventative maintenance program. This account is utilized to provide preventative maintenance programs for roof repairs, general maintenance, cleaning, servicing, and warranty-related issues. It is set up to include all roof-related items and to provide two site visits per school per year. It includes the material and labor costs as well as any warranty-related issues required to perform the work.

Building Envelope Preventative Maintenance – This account provides funds for the building envelope preventative maintenance of all school buildings. The funds are utilized to inspect and perform on a regular basis minor problems and repairs to the façades of all buildings based on the Façade Preventative Maintenance Manual.

HVAC Preventative Maintenance – This account provides funds for a preventative maintenance program. This account is utilized to perform mechanical systems maintenance, servicing, and warranty issues. It includes all HVAC equipment and provides two site visits per school per year. It includes the material and labor as well as building permits and balancing procedures required to perform the necessary work. All equipment is checked so that it is in good working condition and meets ASHRAE standards.

Equipment Integration – Preventative Maintenance – This account provides funds for a preventative maintenance program for the computerized CMMS system (building controls). It allows for HVAC equipment upgrading, new equipment replacements, and installing other types of equipment that do not fall under the HVAC category. This account also provides funding for the preventative maintenance on the emergency generators located at the following schools: Burr, McKinley, Fairfield Woods, Roger Ludlowe, Fairfield Ludlowe and Fairfield Warde.

Floor Covering – Provides funds for minor floor covering projects within the schools as required throughout the year. This account does not include large floor replacement projects.

HVAC System Cleaning Preventative Maintenance – This account provides for professional HVAC cleaning of existing schools' ductwork, unit ventilators, and larger pieces of equipment as part of a preventative maintenance program. It includes the material and labor costs.

Energy Star Implementation – This account provides funding to implement the recommendations of outside consultants regarding the modernization of our building controls systems and energy conservation measures. These funds are used for training of maintenance and IT personnel and the replacement of equipment and software licenses used in connection with the Johnson Controls Building Management System in our school buildings. These funds replace service and maintenance charges incurred each year as part of the 10-year Johnson Controls project which expired in January 2011.

Code and Life Safety, System-Wide – Costs associated with bringing buildings up to the most recent accessibility and life safety codes. This account provides funds for the new Safe Schools Program for doors and hardware.

Code Compliance – This account provides for a professional review of our school facilities for conformance to ADA (& UFAS) accessibility codes. This account will also provide funds to implement the required repairs as determined by the on-site reviews.

Playground Maintenance/Safety – Provides funds for the inspection and repairs to playground equipment including wood chip replacement, sand replacement, component replacement, risk management signage, and weather sealing.

Old Concrete Block Wall

New Concrete Block Wall

Major Maintenance Projects 2013 - 2014

Old Skylight

New Skylight

Old Area Drain

New Area Drain

MAINTENANCE PROJECTS 2013-2014		
School	Description	Estimated Cost
Burr	Install ground water diversion system for playground.	\$ 2,500
Burr	Connect critical items to generators: Phase I - Heat, pumps, refrigeration.	8,000
Jennings	Replace hallway ceilings.	6,000
McKinley	Repair to skylights.	16,200
McKinley	Repair retaining wall in dumpster area and on school building over garage door.	25,000
McKinley	Safety protection for playground area. Install concrete knee wall.	20,000
Mill Hill	Repair to skylights.	4,500
Mill Hill	Safety protection for paved play area.	2,500
Osborn Hill	Sewer modifications/repairs.	45,000
Osborn Hill	Replace exterior lighting fixtures.	30,000
Osborn Hill	Modifications to the Annex HVAC System.	40,000
Sherman	APR reshingle roof.	20,000
Sherman	Modifications to the Annex HVAC System.	40,000
Fairfield Woods	Music suite high humidity project. Phase I of II.	100,000
Fairfield Woods	Repair to skylights.	1,300
Fairfield Woods	Connect critical items to generators: Phase I - Heat, pumps, refrigeration.	8,000
Roger Ludlowe	Upgrade lighting around the parking area (bollards).	25,000
Roger Ludlowe	Connect critical items to generators: Phase I - Heat, pumps, refrigeration.	8,000
Tomlinson	Install 2 low lying drains in cafeteria.	100,000
Fairfield Ludlowe	Upgrade lighting around the parking area (bollards).	25,000
Fairfield Ludlowe	Connect critical items to generators: Phase I - Heat, pumps, refrigeration.	8,000
Fairfield Warde	Tools for schools project. Locker rooms HVAC issues.	15,000
Fairfield Warde	Connect critical items to generators: Phase I - Heat, pumps, refrigeration.	8,000
		\$ 558,000

Burr, FWMS, RLMS, FLHS & FWHS

Emergency Generators – Connect additional critical items

\$40,000

Background: Recent major storms have highlighted the need to connect additional electrical circuits onto our Emergency Generator System for critical building systems. Adding these additional electrical loads to the generators will help prevent additional damage to the buildings and their systems.

Purpose & Justification: By adding certain additional systems to the generator additional damage can be prevented to the building, building systems and/or contents. The additional critical loads to be connected include various pumps, heating systems and refrigeration/freezer systems.

Detailed Description: This expenditure will cover the installation of the necessary electric panels, switches and wiring to connect the additional critical loads.

Estimated Cost: The costs were determined by a budget quote provided by Yankee Electric Company.

Long Range Costs: No additional long range costs are anticipated. The anticipated life of this item is at least 30 years.

Demand on the Existing Facilities: This project would reduce maintenance costs by reducing time spent on the repair damage caused to the building and building system caused by major power loss events. Additionally, building contents such as food items in refrigerators and freezers would be protected from spoilage.

Security, Safety and Loss Control: Not applicable.

Environmental Considerations: Not applicable.

Funding, Financing & SDE Reimbursement: This project would not proceed without funding approval. There are no State or Federal regulations that require this project to be undertaken. This project is not eligible for reimbursement through the Bureau of School Facilities.

Schedule, Phasing & Timing: Materials needed for this work are readily available. Completion of the installation would take approximately 1 to 2 weeks per site. This work would take place in the summer and fall of 2013.

Other Considerations: None.

Alternates to the Request: The alternate to this request is to do nothing. This alternate would continue the pattern of preventable damage caused at the facilities by major power loss events.

Jennings Elementary School

Replace Hallway Ceiling

\$6,000

Background: The ceiling grid in the hallway is sagging and uneven and needs to be replaced. Lighting fixtures would be re-used. The grid system is quite old and has been disturbed over the years for various above ceiling work such as computer re-wiring and other electrical renovations.

Purpose & Justification: The purpose of this project would be to attain a much more desirable look for a school facility main hallway.

Detailed Description: The expenditure would cover the total cost to remove and replace the grid system as well as removal and reinstallation of the ceiling pads, lighting fixtures, and any other ceiling-mounted devices.

Estimated Cost: The estimated cost for this project is \$6,000 which is based on a contractor quotation.

Long Range Costs: Replacement of the ceiling grid will reduce maintenance on the existing system due to sagging tiles.

Demand on Existing Facilities: The replacement will enhance the overall appearance of the school.

Security, Safety and Loss Control: This project would have no effect on these items.

Environmental Considerations: None.

Funding, Financing & SDE Reimbursement: This project would not proceed without funding approval. There are no State or Federal regulations that require this project to be undertaken. The project is not eligible for Bureau of School Facilities reimbursement.

Schedule, Phasing & Timing: Approval of this funding in May will allow completion of the work over the summer vacation.

Other Considerations: The work will be bid out by the Town Purchasing Department and will be done by outside contractors.

Alternates to the Request: The alternate to this request is to do nothing. This would only allow further deterioration of the existing ceiling and grid.

McKinley, Mill Hill and FWMS

Skylight Replacements

\$22,000

Background: McKinley Elementary, Mill Hill Elementary and FWMS have skylights that are at the end of their useful life and are in need of replacement. This funding request is to replace these skylights.

Purpose & Justification: The skylights presently installed have reached the end of their useful life. Replacement is required as the skylight seals are failing causing them to lose their ability to transmit daylight and are a source of leaks into the buildings.

Detailed Description: This expenditure will cover the replacement of the failing skylights at these schools.

Estimated Cost: The skylight replacement costs were determined by a budget quote provided by Tecta America Roofing Company.

Long Range Costs: Replacement of the skylights will reduce leaks into the buildings and provide better daylighting of areas associated with them. This project is not part of the FPS 2011-2015 Facilities Plan. The anticipated life of this item is at least 20 years.

Demand on the Existing Facilities: These replacements would reduce maintenance costs by reducing time spent on the repair of roof leaks and other damage repair associated with roof leaks. The proposed replacement units also reduce energy usage by providing better daylighting of the areas associated with them.

Security, Safety and Loss Control: Not applicable.

Environmental Considerations: Reduction of roof leaks is a major component of maintaining a healthy indoor air quality at our schools.

Funding, Financing & SDE Reimbursement: This project would not proceed without funding approval. There are no State or Federal regulations that require this project to be undertaken. This project is not eligible for reimbursement through the Bureau of School Facilities.

Schedule, Phasing & Timing: Materials needed for this work would be available within 4 to 6 weeks. Completion of the installation would take approximately 1 week. This work would take place in the summer of 2013.

Other Considerations: None.

Alternates to the Request: The alternate to this request is to do nothing. This alternate would continue the deterioration of the skylights and continuation of leaks and loss of daylighting at these facilities.

McKinley Elementary School

1. Safety Protection for Playground \$20,000

2. Retaining Wall Around Dumpster \$25,000

Background:

1. A playground located on the side of the cafeteria is unprotected from a possible vehicular accident in the adjacent parking area. A handicap walkway ramp directly in front of the handicap parking spaces could allow a vehicle to easily drive into the play area. Approximately thirty feet of one side of this play area is exposed to this potential hazard.
2. The area involved is a masonry “screen” wall around the generator and dumpster area. The wall has serious structural cracks and is in danger of collapse. This request is to make the necessary repairs to correct the safety issues.

Purpose & Justification:

1. The purpose of this project would be to eliminate the potential for an accident.
2. This existing condition will deteriorate further and the wall will be in further danger of collapse. Completion of this project will eliminate the problem.

Detailed Description:

1. The project would involve the installation of a knee wall protective barrier to prevent auto access to the play area.
2. This expenditure will involve removal of the CMU blocks as required and replacement of the existing concrete cap with wood blocking and an aluminum cap.

Estimated Cost:

1. The total cost of this project is estimated at \$20,000 by a masonry contractor familiar with the site.
2. The cost of this project has been estimated by a masonry repair contractor at \$25,000.

Long Range Costs:

1. None anticipated.
2. This project will eliminate the potential for a wall collapse and possible damage to the generator.

Demand on Existing Facilities:

1. None anticipated.
2. This project would eliminate further damage exposure from a wall collapse.

Security, Safety and Loss Control:

1. This project will eliminate exposure to accidents and personal injury claims against the District should a vehicle mishap cause entry to the playground.
2. This project would minimize safety concerns of personal injury or damage to equipment.

Environmental Considerations:

1. None.
2. None.

Funding, Financing & SDE Reimbursement:

1. This project would not proceed without funding approval. There are no State or Federal regulations that require this project to be undertaken. The project is not eligible for Bureau of School Facilities reimbursement.
2. This project would not proceed without funding approval. There are no State or Federal regulations that require this project to be undertaken. The project is not eligible for Bureau of School Facilities reimbursement.

Schedule, Phasing & Timing:

1. Approval of this funding in May will allow completion of the work over the summer vacation.
2. Approval of this funding in May will allow completion of the work over the summer vacation.

Other Considerations:

1. The work will be bid out by the Town Purchasing Department and will be done by outside contractors.
2. The work will be bid out by the Town Purchasing Department and will be done by outside contractors.

Alternates to the Request:

1. The alternate to this request is to do nothing. This would continue to expose the District to a potentially dangerous situation.
2. The alternate to this request is to do nothing. This alternative will only lead to further wall deterioration and structural failure.

Osborn Hill Elementary School

1. Sewer Modifications	<u>\$45,000</u>
2. Replace Lighting Fixtures	<u>\$30,000</u>
3. HVAC Modifications	<u>\$40,000</u>

Background:

1. This project was initiated as the result of an underground sewer pipe rupture which was found through the investigation of a blockage in normal water flow in the building. This request is to excavate the drainage pipe and replace with new.
2. The exterior light fixtures are original vintage, steel, painted units which are badly rusted and in need of replacement. This request is to replace these fixtures with new, cast aluminum fixtures.
3. The classrooms in the Annex Building experience high humidity during a portion of the cooling season. This funding request is for modifications to the existing cooling system so that the excess humidity can be removed.

Purpose & Justification:

1. The project will correct a major blockage of the sewage system.
2. This project will replace old non efficient lighting with new energy efficient fixtures. This will provide better exterior lighting in the parking areas.
3. The high humidity levels experienced during a portion of the cooling season cannot be handled by the existing HVAC system without modification to the equipment and controls. The proposed modifications will eliminate the need for portable dehumidifiers and provide better control of the humidity levels.

Detailed Description:

1. This project will entail the excavation of the existing kitchen driveway area and repiping of the sewer line.
2. This expenditure will entail removal of all exterior lighting fixtures and replacement with new (9 fixtures in total).
3. This expenditure will cover the additional ductwork, parts and controls modifications to improve humidity control in the Annex building.

Estimated Cost:

1. The total cost of this project is estimated at \$45,000 based on excavation, plumbing and paving costs incurred for similar projects.
2. The cost of this project is estimated at \$30,000 and is based on similar electrical work done at other facilities. (This project may be eligible for energy conservation rebates.)
3. The estimated cost of this project is \$40,000 and is based on past cost experience for similar work.

Long Range Costs:

1. This project will eliminate future expenses for “snaking” services to unclog piping blockages.
2. This project will eliminate future maintenance costs for upkeep of the deteriorating light fixtures.
3. The modification to the HVAC system will provide increased humidity control and better overall indoor air quality in the Annex building. This project is not part of the FPS 2011-2015 Facilities Plan. The anticipated life of this item is at least 20 years.

Demand on Existing Facilities:

1. This will eliminate sewer blockages in areas serviced by this piping.
2. This project will reduce costs of maintenance of old fixtures.
3. These modifications would reduce maintenance costs by reducing time spent on the delivery, set up and breakdown of portable units. The proposed modifications would also reduce energy usage by providing more efficient equipment for humidity control.

Security, Safety and Loss Control:

1. This project will have no effect on these items.
2. This project will provide better exterior lighting which will enhance the security and safety of the area.
3. Not applicable.

Environmental Considerations:

1. This project would result in fewer reports of odors in the school due to sewer system blockages.
2. None.
3. Enhanced control of humidity within the space will assist in maintaining a healthy indoor air quality at our schools.

Funding, Financing & SDE Reimbursement:

1. This project would not proceed without funding approval. There are no State or Federal regulations that require this project to be undertaken. The project is not eligible for Bureau of School Facilities reimbursement.
2. This project would not proceed without funding approval. There are no State or Federal regulations that require this project to be undertaken. The project is not eligible for Bureau of School Facilities reimbursement.

3. This project would not proceed without funding approval. There are no State or Federal regulations that require this project to be undertaken. The project is not eligible for Bureau of School Facilities reimbursement.

Schedule, Phasing & Timing:

1. Approval of this funding in May will allow completion of the work over the summer vacation.
2. Approval of this funding in May will allow completion of the work over the summer vacation.
3. Materials needed for this work would be available within 6 to 8 weeks. Completion of the installation would take approximately 1 to 2 weeks. This work would take place in the summer of 2013.

Other Considerations:

1. The work will be bid out by the Town Purchasing Department and will be done by outside contractors.
2. The work will be bid out by the Town Purchasing Department and will be done by outside contractors.
3. None.

Alternates to the Request:

1. The alternate to this request is to do nothing. This alternative will not be acceptable as the ruptured pipe needs to be replaced to allow proper sewage flow.
2. The alternate to this request is to do nothing. This alternative will only lead to further deterioration of the existing fixtures and ultimate failure of them.
3. The alternate to this request is to do nothing. This alternative will continue the use of portable dehumidifiers to control high humidity levels.

Roger Sherman Elementary School

1. Shingle Roof Replacement **\$20,000**

2. HVAC Modifications **\$40,000**

Background:

1. Roger Sherman Elementary School has a shingled roof on its All Purpose Room (APR) that is near the end of its service life and is in need of replacement. This request is for funding to replace this shingled roof.
2. The classrooms in the Annex Building at Sherman are experiencing high humidity during a portion of the cooling season. This funding request is for modifications to the existing cooling system so that the excess humidity can be removed.

Purpose & Justification:

1. The shingled roof was installed in 1991 and has reached the end of its useful life. Replacement is required as the shingles are becoming brittle and are a source of leaks into the buildings.
2. The high humidity levels experienced during a portion of the cooling season cannot be handled by the existing HVAC system without modification to the equipment and controls. The proposed modifications will eliminate the need for portable dehumidifiers and provide better control of the humidity levels.

Detailed Description:

1. This expenditure will cover the replacement of shingle roofs at this school. Also included are funds for architectural design, construction administration and contingency.
2. This expenditure will cover the additional ductwork, parts and control modifications to improve humidity control in the Annex building.

Estimated Cost:

1. The shingle roof replacement costs were determined by a budget quote provided by Tecta America Roofing Company. Architectural design and construction administration costs are based on the cost experience on previous roof replacement projects in the district. A contingency of 10% was added to the above costs to account for possible unknown conditions.
2. The cost of this project is estimated at \$40,000. This estimate is based on past cost experience for similar work.

Long Range Costs:

1. Replacement of the existing shingled roof will reduce leaks into the building. This project is not part of the FPS 2011-2015 Facilities Plan. The anticipated life of this item is at least 30 years.
2. The modification to the HVAC system will provide increased humidity control and better overall indoor air quality in the Annex building. This project is not part of the FPS 2011-2015 Facilities Plan. The anticipated life of this item is at least 20 years.

Demand on the Existing Facilities:

1. This roofing project would reduce maintenance costs by reducing time spent on the repair of roof leaks and other damage repair associated with roof leaks.
2. These modifications would reduce maintenance costs by reducing time spent on the delivery, set up and breakdown of portable units. The proposed modifications would also reduce energy usage by providing more efficient equipment for humidity control.

Security, Safety and Loss Control: Not applicable.

Environmental Considerations:

1. Reduction of roof leaks is a major component of maintaining a healthy indoor air quality at our schools.
2. Enhanced control of humidity within the space will assist in maintaining a healthy indoor air quality at our schools.

Funding, Financing & SDE Reimbursement: These projects would not proceed without funding approval. There are no State or Federal regulations that require these projects to be undertaken. These projects are not eligible for reimbursement through the Bureau of School Facilities.

Schedule, Phasing & Timing: BOF approval of this funding in the month of May will allow adequate time for drawings and specifications to be developed. Bidding ideally would occur as soon as the drawings and specifications are ready.

1. Materials needed for this work are readily available. Completion of the installation would take approximately 1 week. This work would take place in the summer of 2013.
2. Materials needed for this work would be available within 6 to 8 weeks. Completion of the installation would take approximately 1 to 2 weeks. This work would take place in the summer of 2013.

Other Considerations: None.

Alternates to the Request: The alternate to this request is to do nothing.

1. This alternate would continue the deterioration of the shingled roofs and continuation of roof leaks at the facility.
2. This alternate would continue the use of portable dehumidifiers to control high humidity levels.

Fairfield Woods Middle School

Music Suite Humidity Project Phase I of II

\$100,000

Background: The Music Suite has been affected by extreme humidity levels since it was constructed in a 1995 renovation.

A remedial floor sealing project was undertaken in 2001. This floor sealer has broken down and moisture is once again obvious under the floor tiles. The HVAC system does not provide enough dehumidification to alleviate the problem and a supplemental system is required to remove more moisture from the air. This phase may require a second phase to re-seal the floor areas that are impacted.

Testing for moisture in and below the floor slab was done and very high levels were found.

Purpose & Justification: This project will reduce high humidity levels in the area.

Detailed Description: This project will involve the installation of an engineered dehumidification system

Estimated Cost: The cost for this project has been estimated at \$100,000 by a mechanical contractor familiar with the HVAC system.

Long Range Costs: This project will reduce moisture associated problems with musical instruments, furniture and fixtures located in this area. The equipment life expectancy is 25 – 30 years.

Demand on Existing Facilities: A slight increase in overall utility consumption could be expected as well as normal PM services on the equipment.

Security, Safety and Loss Control: This project would reduce the moisture related concerns of poor IAQ such as mold and mildew.

Environmental Considerations: IAQ would be positively impacted through reduced moisture in the area.

Funding, Financing & SDE Reimbursement: This project would not proceed without funding approval. There are no State or Federal regulations that require this project to be undertaken. The project is not eligible for Bureau of School Facilities reimbursement.

Schedule, Phasing & Timing: Approval of this funding in May will allow completion of the work over the summer vacation.

Other Considerations: The work will be bid out by the Town Purchasing Department and will be done by outside contractors.

Alternates to the Request: The alternate to this request is to do nothing. This will perpetuate high moisture problems, poor IAQ and equipment deterioration in the area.

Roger Ludlowe Middle School & Fairfield Ludlowe High School

Upgrade Lighting

\$50,000

Background: The overall parking area lighting has been problematic since the original installation. There have been systematic fixture failures and several accidents in which drivers have struck the concrete bases of the light structures in the parking areas. This request is for the redesign and replacement of existing fixtures with new.

Purpose & Justification: This project will provide better area lighting and eliminate the potential for vehicle contact with the existing concrete supports.

Detailed Description: This project will entail removal of existing concrete bollards in the parking area and installation of new pole lighting around the perimeter of the parking area.

Estimated Cost: The estimated cost of this project is \$50,000 and is based on discussions with lighting contractors. (This project may be eligible for energy conservation rebates.)

Long Range Costs: This project will minimize future expenses for faulty fixtures/bulb replacements.

Demand on Existing Facilities: This project will reduce maintenance costs on the old fixtures.

Security, Safety and Loss Control: This project will provide more efficient and better lighting for safety and security in the parking areas of the schools.

Environmental Considerations: None.

Funding, Financing & SDE Reimbursement: This project would not proceed without funding approval. There are no State or Federal regulations that require this project to be undertaken. The project is not eligible for Bureau of School Facilities reimbursement.

Schedule, Phasing & Timing: Approval of this funding in May will allow completion of the work over the summer vacation.

Other Considerations: None.

Alternates to the Request: The alternate to this request is to do nothing. This alternative will only lead to further maintenance costs for fixture/bulb replacements and potential for vehicular accidents.

TMS

Install Two Low Lying Drains

\$100,000

Background: There are two drains that are not adequate to allow proper drainage during heavy rains. They tie into the main storm drains in the driveway which have also deteriorated and cause severe back-up of the water and subsequent flooding into the cafeteria. This request is to provide new piping and sump pumps to eliminate future flooding issues.

Purpose & Justification: This project will eliminate flooding of the cafeteria and consequential water damages. Also, IAQ due to wet conditions will be minimized.

Detailed Description: This expenditure will cover excavation of existing drains, installation of sump pumps, and all associated plumbing. Also included is the repairing of all disturbed areas in the parking areas and sidewalk replacements.

Estimated Cost: This project has been estimated at a cost of \$100,000 by a contractor familiar with excavation and drainage design.

Long Range Costs: There are no additional costs anticipated if this project goes forward. This project is not part of the FPS 2011-2015 Facilities Plan. The anticipated life of this item is at least 30 years.

Demand on Existing Facilities: This project will place no additional burdens upon the existing facility.

Security, Safety and Loss Control: This project will eliminate future clean up and repair cost for water damages in the cafeteria, as well as minimize IAQ issues associated with moisture infiltration.

Environmental Considerations: None.

Funding, Financing & SDE Reimbursement: This project would not proceed without funding approval. There are no State or Federal regulations that require this project to be undertaken. The project is not eligible for Bureau of School Facilities reimbursement.

Schedule, Phasing & Timing: Approval of this funding in May will allow completion of the work over the summer vacation.

Other Considerations: None.

Alternates to the Request: The alternate to this request is to do nothing. This alternative will only lead to continued flooding problems and water damage to the school cafeteria.

Fairfield Warde High School

Locker Room HVAC Issues

\$15,000

Background: The locker areas have been experiencing IAQ issues due to poor air circulation and lack of fresh air. This request is to provide HVAC equipment modifications to provide better fresh air and ventilation in these areas.

Purpose & Justification: This project will provide better IAQ for the locker areas.

Detailed Description: This project will entail modifications to the existing HVAC systems to improve IAQ.

Estimated Cost: The estimated cost of this project is \$15,000 and is based on discussions with an HVAC contractor.

Long Range Costs: This project will provide better IAQ for the locker areas. This project is not part of the FPS 2011-2015 Facilities Plan. The anticipated life of this project is at least 20 years.

Demand on Existing Facilities: This project will improve IAQ in the locker area with no additional demand on existing facilities.

Security, Safety and Loss Control: Air quality will be improved for students and staff.

Environmental Considerations: Better IAQ will be achieved.

Funding, Financing & SDE Reimbursement: This project would not proceed without funding approval. There are no State or Federal regulations that require this project to be undertaken. The project is not eligible for Bureau of School Facilities reimbursement.

Schedule, Phasing & Timing: Approval of this funding in May will allow completion of the work over the summer vacation.

Other Considerations: None.

Alternates to the Request: The alternate to this request is to do nothing. This alternative will continue to affect students and staff with poor IAQ

About the Fairfield Public Schools Food Service Program

The Fairfield Public Schools Food Service Program has always been a nonprofit, self-sustaining program, and is not part of the Board of Education operating budget. Revenues generated by the program cover all costs associated with the program including food service employee salaries and benefits, food, supplies, utilities, custodial, equipment repair and replacement.

Resource Management

Per Federal guidelines, school food authorities shall maintain a nonprofit school food service program. All revenues received are to be used only for the operation or improvement of the food service program. The school food authority shall limit its fund balance to an amount that does not exceed 3 months average expenditures. The fund balance is used for startup expenditures made at the beginning of each school year to restock food and supplies, cover payroll and benefits, and any unforeseen emergencies such as the replacement of major equipment. It had been the practice of the Food Service Program to maintain between 2 to 3 months of operating expense by the end of each school year in order to maintain the self-sustaining program. Recently, this amount was reduced to be between 1 to 2 months. The balance as of June 30, 2012 represents 1.47 months' operating expenses.

General Information

The food service department is committed to providing nutritious, tasteful meals throughout the school year. We strive to continually educate our staff to ensure that we promote healthy meal alternatives as well as meet the national nutrition standards. Lunches that are part of the National School Lunch Program (NSLP) must meet nutrition guidelines including:

- Limiting fat and saturated fat in meals.
- Providing one-third of the recommended dietary allowance (RDA) of protein, calcium, iron, and vitamins A and C.
- Providing the right balance of protein, dairy, whole grains, fruits and vegetables.

Elementary school students can select from three meal choices daily at \$2.45:

1. Traditional lunch includes protein, bread/grain, fruit, vegetable and low fat or skim milk.
2. Chef Salad includes protein, bread, fruit, vegetable and low fat or skim milk.
3. Cereal/yogurt plate includes a cereal bowl, low fat yogurt, low fat string cheese, fruit, vegetable, and low fat or skim milk (Monday, Friday).
4. Bagel/yogurt plate includes a wheat bagel, low fat yogurt, low fat string cheese, fruit, vegetable, and low fat or skim milk (Tuesday, Wednesday, Thursday).

Breakfast is served at McKinley and Holland Hill school. The price is \$1.50 for full pay students and \$.30 for reduced price students.

Secondary school students can select from the following choices daily:

1. A traditional lunch meal for \$2.50 at the middle schools and \$2.55 at the high schools.
2. A deluxe deli/salad bar and a deluxe meal, which allows students to design their own meal by selecting from various entrees and fruits and vegetables. All deluxe meals include a choice of protein, bread/grain, fruit, vegetable and milk for \$3.85. Our deli bar selections include lower sodium ham, ovenroasted turkey breast, deluxe roast beef, buffalo chicken, lacey Swiss cheese, pepper jack cheese and provolone cheese. Many of these items are certified by the American Heart Association. Sandwiches are served on a choice of a whole grain hard roll, rye, wheat, pumpernickel, marble or assorted wraps.
3. A la carte selections include items such as salads, fresh made soups, fresh baked bagels, fruits and vegetables, snacks and beverages. Items are priced separately.

We have also offered several “Foods from Scratch” at all school sites. Some examples of meals from scratch are minestrone soup, vegetable soup, cheddar quesadilla, burrito, pizza, lo mein, and macaroni & cheese.

We are continuously searching to replace food items with items that have improved nutritional value. This year we have been able to purchase more reduced sodium and more whole grain products. Additionally, we have offered made to order salad bars in all schools.

The Food Service Program offers monthly sample days. Jumbo posters are hung in each cafeteria to provide students with fun facts and nutritional information. Students have had the opportunity to sample items such as: edamame, asparagus, quinoa, pumpkin, kale, clementines, and grapefruit.

The Food Service Program serves lunch on biodegradable bagasse lunch trays made of sugar cane, instead of Styrofoam lunch trays.

In addition to the National School Lunch Program, Fairfield participates in the State Healthy Food Certification Program and Farm to School Program, as well as the Department of Defense Fresh Produce Program. We purchase locally grown produce when seasons allow.

In 2011 – 2012 we served 658,874 reimbursable meals and 369,393 meal equivalent lunches which are based on the total a la carte sales divided by the traditional meal price at each level. We served 10,502 reimbursable breakfasts.

Food Services webpage information is continuously updated including nutrition labels, health department inspections, food recalls, healthy food certification information, menus, bulletin board, Connecticut agriculture, and helpful website links.

Funding

The federal government provides reimbursement based on meal category – free, reduced or paid. This rate is adjusted annually on July 1st by the Secretary of Agriculture.

Federal reimbursements rates for 2012 - 2013:	<u>Breakfast</u>	<u>Lunch</u>
Paid:	\$.27	\$.27
Reduced:	\$1.25	\$2.46
Free:	\$1.55	\$2.86
Certified Compliant:		\$.06

The State of Connecticut also provides reimbursement money from a block grant. The block grant is divided among all districts in the state based on the total number of meals served. The State of Connecticut also provides reimbursement of \$.10 per reimbursable lunch for participation in the Healthy Food Certification program.

Commodities

The USDA Food Distribution Program provides two vital national services. The program provides nutritious foods to our nation's children and helps American farmers by supporting domestic agriculture and removing surpluses from the market. The USDA buys commodities based on market conditions. The amounts, prices and types of food can vary at a given time. For the fiscal year 2012 – 2013 based on 619,859 meals our entitlement dollars from the USDA are \$155,007. These entitlement dollars are based on meals served during the fiscal year October 1, 2010 – September 30, 2011. This money is used to purchase fresh fruit and vegetables, chicken, beef, cheese and potatoes from the USDA. Orders for these foods are placed twelve to eighteen months in advance and are subject to change due to market conditions.

Free and Reduced Meal Applications

Income guidelines for free or reduced meals are set by the federal government based on the poverty level. Families who are eligible for free or reduced meals must complete an application each school year. Applications are mailed home to parents in back-to-school packets in August. Once the application is complete, it is sent to the food service department for processing. Applications are usually processed within twenty four hours of receipt. Parents are notified of their free, reduced or denied meal benefit status through a letter mailed to their home address. Reduced lunch is \$.40 per meal and reduced breakfast is \$.30 per meal.

As of 12/1/12, we have 693 students approved for free meals; 244 students are approved for reduced meals. 61 students were denied benefits because their family income exceeded the income guidelines.

Audits

Financials for the program are audited annually by the Town of Fairfield's auditing firm.

The State of Connecticut Child Nutrition Unit conducts an audit of all food service programs every five years. They review free and reduced applications, meal counts, nutritional content of meals, and food safety and sanitation. The last audit of the Food Service Program was completed on February 24, 2010.

Staffing

The food service program comprises 1 director, 2 full-time secretaries, 16 cook managers, and 62 employees. Elementary schools have approximately 3 workers per school, middle schools have approximately 8 workers per school and high schools have approximately 9 workers per school.

Training

All workers are required to attend a sanitation training class at the start of the school year. Fifty eight percent of our workers are certified in sanitation. Additional training in customer service, nutrition and other food service related topics are held throughout the year.

The food service department is working with a food consultant for the 2012-2013 school year. The following are the specific goals the food service department would like to accomplish as a result of working in conjunction with the PTA Council sub-committee, Fuel for Learning Partnership, and the food consultant:

- Provide tastier, quality, nutritious meals
- Increase Participation
- Improve communication between food service program, students and parents
- Staff training

Point of Sale Computer System

The Food Service Program uses an electronic Point-of-Sale computer system to track sales and meal counts and student allergies. We use an online payment service called MyPaymentsPlus (formerly Mealpayplus) which allows parents/guardians to prepay for meals, monitor purchases and balances.

Wellness

The Fairfield Public Schools established a Wellness Policy in 2006 as required by law. The policy includes goals for nutrition, education, physical activity and other school based activities designed to promote student wellness. The policy was developed by a broad group of individuals including parents, students, administrators and food service personnel. A committee was established to monitor policy development and conducts periodic meetings.

The chart on the next page is the Profit & Loss Statement for the Food Service program as of June 30, 2012 and the Approved Budget 2012-2013.
