Dr. Monita Leavitt

Monita Leavitt, Ph.D., is an international staff developer and independent consultant in gifted education. She is a member of the World Gifted Council, ECHA (European Council for High Ability) and a Board Member for the CT Association of Gifted Children (CAG). Dr. Leavitt works with classroom teachers to identify high potential children and provide challenging differentiated education and teaching strategies to reach all students. She has been a presenter at the National, Asian-Pacific, German Creativity, ECHA and World Gifted Conferences. Dr. Leavitt has consulted for the Athena School for Gifted (Denmark), University of Winnipeg (Canada), Oxford Brookes University (England), Lithuania, and the Kingdom of Saudi Arabia (Nord Anglia) in addition to school systems in the United States.

Maximizing the Potential in All Students: What Parents and Schools Can Do

Tuesday, May 1, 2012
7:00 p.m.

Roger Ludlowe Middle School Auditorium

Join us this evening as presenter, Dr. Monita Leavitt, shares how parents and schools can work with high achieving and gifted children in grades K-8. This presentation is based upon the Eyre Equation (2009) to examine the relationships of potential, opportunities, support and motivation in helping all children to attain high achievement. Strategies will include how to best meet the needs of high achieving and gifted children.

Provided in partnership with the Connecticut Association for the Gifted
