RE: Mathematics Curriculum Grades 6 - 10

Attached you will find the revised mathematics curriculum for grades 6 – 10. The courses include Math 6, Transition Math 6, Math 7, Pre-Algebra 7, Pre-Algebra 8, Algebra 1 Grade 8, Algebra 12, Geometry 21, and Geometry 22.

The revision of this curriculum resulted in documents that are aligned to the Common Core Standards, which have been adopted by Connecticut. All teachers in the mathematics department had the opportunity to write, review and/or edit the documents, under the leadership of Dr. Paul Rasmussen, Mathematics Curriculum Leader.

Once the documents were in final draft form, a parent focus group was convened to review the documents. We greatly appreciate the willingness of these parents to participate in this process: Mark Friedman, Laura Kelly, Diane Pushner, Ai Nguyen, Tricia Donovan, Laura Bernashina, Aarty McMahan, Pinal Kothari, Mary Hogue, Hetty Nerod, Corinne Gulian and Margaret Ruff.

If any Board members have questions about these documents, please ask them to contact me at 203-255-8309 or at [mboice@fairfieldschools.org](mailto:mboice@fairfieldschools.org)
