RE: Mathematics Textbooks Grades 6 - 10

After an extensive review process that included teachers, administrators and parents, I am recommending that the Board of Education approve the following textbooks for adoption in support of the revised mathematics curriculums for grades 6 – 10.

Big Ideas Math: A Common Core Curriculum
Authors: Ron Larson and Laurie Boswell
Copyright 2014
Publisher: Big Ideas Learning (distributed by Houghton Mifflin Harcourt)
Courses: Math 6, Transition to Pre-Algebra, Math 7, Pre-Algebra 7, Pre-Algebra 8

Algebra 1: Common Core
Authors: Allan Bellman, Sadie Bragg, William Handlin
Copyright: 2012
Publisher: Pearson
Courses: Algebra 1 Grade 8, Algebra 12 (Grade 9 math)

Geometry: Common Core
Authors: Laurie Bass and Art Johnson
Copyright: 2012
Publisher: Pearson
Courses: Geometry 21, Geometry 22 (two levels of high school geometry)

If any Board members would like to review these textbooks, please ask them to contact me at 203-255-8390 or at mboice@fairfieldschools.org
