The Education Center

August, 2009

Dear Parent / Guardian:

The beginning of a new school year always brings a special excitement, and the start of the 2009-2010 year is certainly no exception. The enthusiasm for learning generated by more than 10,000 Fairfield students and 1,363 staff is exceptional and manifests itself in high quality instruction and excellent student work across the pre-kindergarten-grade twelve spectrum. All school facilities stand ready, refreshed by summer cleaning and maintenance projects. Everything is in place to deliver an outstanding education to your child.

This brochure contains general information about the Fairfield Public Schools. It is part of a system-wide effort to communicate with you about your child's education. I ask that you read it thoroughly and keep it for future reference. The staff and I encourage your informed participation in your child's education. A strong partnership between home and school leads to higher achievement and brings us closer to realizing the goal of all students making full use of their educational opportunities. In addition to this publication, you will soon receive a letter from the principal or headmaster of your child's school, which will contain specific information about that school's opening procedures and schedule.

Questions you may have about topics in this mailing can be directed to your child's building principal, to the individual identified in this guide as being responsible for a particular topic, or to Mr. John Boyle, Deputy Superintendent, at (203) 255-8372.

I wish you and your family continued success in our school system.

Sincerely,

Ann Clark
Superintendent of Schools

LONG-TERM GOAL:

Sustain the continuing improvement of the Fairfield Public Schools so that they will continue to rank with the best in the nation.

FAIRFIELD PUBLIC SCHOOLS' MISSION:

The mission of the Fairfield Public Schools is to inspire students to acquire the knowledge and skills needed to be life-long learners, responsible citizens, and successful participants in an ever-changing global society by providing, in partnership with families and community, a comprehensive, rigorous educational program.

Beliefs

- We believe all individuals can learn.
- We believe high expectations drive high achievement.
- We believe family and community, in partnership, play an essential role in the development and education of a child.
- We believe kindness; respect and compassion enhance life and improve performance.
- We believe that growth occurs when independent thinking, creativity and appropriate risk taking are encouraged.
- We believe valuing and nurturing diversity promotes learning.
- We believe everyone has the ability and responsibility to make a positive difference.
- We believe that positive self image is built through high expectations, honesty and accomplishments.
- We believe that knowledge and skills acquired should be relevant and adaptable for life long learning.
- We believe all students should have equitable access to educational opportunities.
- We believe in promoting a healthy life.
- We believe that collaboration and commitment promote the common good.

ACCIDENTS AND ILLNESS:

The school is responsible for first aid only, which is defined as the immediate and temporary care given to a student whose illness or injury occurs on the school premises during school hours or in school-sponsored activities. Although temporary care may be given in school as needed for accidents or illnesses that have occurred at home, parents should consult their family physician for care. Parents are urged to report to the school nurse as soon as possible when their child has a communicable disease. Students are not to attend school when ill. A student should remain at home for 24 hours after his/her temperature has returned to normal.

ACCIDENTS AND ILLNESS: Continued

In the event of a medical emergency, an ambulance will be called to transport the student to the hospital. Emergency medications, including epinephrine and instant glucose, may be administered in school by qualified personnel in accordance with the Protocol for Emergency Medications.

Parents are responsible to complete the Emergency Card with contact information and to communicate changes in this information to the school.

CONFERENCES - PARENT/TEACHER:

Timely communication between home and school is an important part of a successful learning experience. While this communication happens on an on-going basis and takes a variety of forms, specific Parent-Teacher Conference Days for the elementary and middle schools have been established in the fall and spring to facilitate the process.

You will receive specific information regarding the scheduling of your conference from the staff of your child's school.

Conference Dates for the 2009-2010 School Year

Fall Conferences - Three Days

Elementary & Middle Schools

Elementary: October 20, 22, 28, 2009

Middle: October 20, 22, 28, 2009

Spring Conferences - Three Days

Elementary ONLY

March 31, April 6, 8, 2010

Conference Goals

In anticipation of your upcoming parent-teacher conference, please consider the following goals so your conference can be as productive as possible:

Conferences in Fairfield Public Schools are held to:

- establish early communication with the home;
- exchange information about the child;
- plan how home and school will work together for the child's benefit;
- develop understanding of concerns and expectations;
- report student progress and show samples of student work;
- answer questions about grades (where applicable); and
- talk about the transition from grade to grade.

Please consider what you would like to share or ask in these areas at your conference.

CROSSING GUARDS:

Crossing guards are provided under the direction of the Fairfield Police Department.

WHILE THE INTENT IS TO PROVIDE THE CROSSING GUARD SERVICE AT EACH SCHEDULED TIME, PARENTS AND STUDENTS ARE CAUTIONED THAT CIRCUMSTANCES BEYOND ANYONE'S CONTROL MAY RESULT IN A CROSSING BEING UNATTENDED WITHOUT PRIOR NOTICE. WHILE EVERY EFFORT IS MADE TO AVOID THIS SITUATION, IT IS IMPORTANT FOR YOU TO DISCUSS THE POSSIBILITY WITH YOUR CHILD AND ESTABLISH A PREDETERMINED COURSE OF ACTION.

EDUCATIONAL MATERIALS – DAMAGED OR LOST:

The full replacement cost of textbooks, library books, and other educational materials that are damaged or lost must be paid by the student and/or the parent or guardian. Failure to do so may result in the withholding of the student's report card.

EMERGENCY PROCEDURES:

Planning for the safety of the children is our highest priority and is done jointly with the professionals at the Fairfield Police and Fire Departments.

Predetermined plans have been developed as responses to a variety of possible situations. While it is not possible to know in advance what form an incident will take, the following are shared as elements of the district's emergency plan which are anticipated to be relevant under many circumstances:

- In the event of an incident, school district staff will implement appropriate, predetermined measures such as an evacuation or lockdown initiated by the building administrator. Communication will be initiated immediately with Fairfield police and fire personnel. The staff will follow the predetermined plan under the direction of the building administrator until the arrival of police and fire personnel, who will take command of the situation as appropriate to the nature of the incident. Note: Teachers are required to take attendance records with them and re-assemble students in a predetermined safe area. At this time, the teacher will verify attendance.

- All schools have on-site evacuation plans. If warranted, a central evacuation site on the Fairfield University Campus can be utilized.
- In the event of an incident, children will be kept in school for the duration of the normal school day unless otherwise dictated by local conditions or the direction of the Fairfield police or fire personnel.
- If an incident occurs, a child will be released only to his/her parent or guardian if the parent or guardian personally appears at the school to take possession of the child. **Parents are urged to listen to public safety announcements made over radio and television at the time of the incident, which will provide information and guidance on the situation.**
- If an incident occurs at a distance and there is a disruption of regional transportation, (e.g., train service is halted, I-95 is closed), each site will make every effort to determine those children who would be going home at dismissal to an unanticipated, unsupervised situation caused by the incident or by the disruption of transportation. Emergency card information will be utilized to identify alternate destinations for those children affected based on the emergency contacts provided by the parent or guardian. At a time designated by the district, children who remain at school will be transported by the district to Fairfield Warde High School, which will serve as the district's temporary emergency shelter and family reunification site.
- The district staff is trained in a variety of responses to local public health or safety emergencies, including the implementation of lockdowns and evacuations. Details of these responses are not publicized for security reasons.

HEALTH CURRICULUM, AIDS EDUCATION, FAMILY LIFE, AND SAFETY EDUCATION INSTRUCTION:

Health Curriculum

Health Education is a process by which young people "obtain, interpret and understand basic health information and services and the competence to use such information and services in ways which are health enhancing". (National Health Education Standards, 1995)

The Health Education program in the Fairfield Public Schools is a comprehensive sequential program. The goals are to develop skills, attitudes and knowledge necessary to protect, maintain, and promote good health. By helping students to become health literate, it increases awareness regarding the beneficial effects of good health practices, stresses the concepts of critical thinking and problem solving in the decision-making process, and enables them to act on behalf of themselves and others. By assisting students in the recognition of the dynamic complexity of life, the program helps them develop an understanding of the inter-relationship of, and a sense of responsibility for their own physical, emotional, mental, and social health.

AIDS Education

In Connecticut all public school systems are under state mandates to teach HIV/AIDS prevention education throughout the K-12 experience.

Public Act 88-112 amends Section 10-19 of the Connecticut General Statutes by adding subsection (c) as follows:

Commencing July 1, 1989, each local and regional board of education shall offer during the regular school day planned; on-going and systematic instruction on acquired immune deficiency syndrome, as taught by legally qualified teachers. The content and scheduling of the instruction shall be within the discretion of the local or regional board of education. Not later than July 1, 1989, each local and regional board of education shall adopt a policy, as the board deems appropriate, concerning the exemption of pupils from such instruction upon written request of the parent or guardian. The state board of education shall make materials available to assist local and regional boards of education in developing instruction pursuant to this subsection.

***SEE POLICIES AND REGULATIONS
FOR THE
AIDS EXEMPTION POLICY***

Family Life

Family Life is an integral part of the health curriculum. It is an extension of learning that goes on in the home and in the course of other school programs and activities. Young people naturally seek information about themselves and their relationship with others, and because school often provides a setting where such questions and concerns arise, the district has developed a clearly defined, carefully planned program to meet these needs and guide teachers in responding to daily concerns. While predicated on the belief that individuals and families differ, the goal of the program is to promote well-being among youngsters and to assist parents in teaching healthy living by providing them with opportunities to obtain health related information through workshops, speakers, and community forums.

Safety Education

The safety education K-5 component provides students with experience to develop a high degree of safety awareness not only for themselves, but also for others in the community. This curriculum teaches children to reduce health risks and practice health enhancing behaviors. Many years ago the Fairfield Public Schools recognized the need to provide a K-3 program that empowered children with the skills necessary to avert child sexual abuse. This program helps children recognize potential trouble, act assertively to rebuff it, and know what to do if it occurs.

The total program provides students with a foundation for health literacy and opportunities to achieve a high level of wellness.

***SEE POLICIES AND REGULATIONS
FOR THE
FAMILY LIFE EXEMPTION POLICY***

HOMEBOUND INSTRUCTION:

If you anticipate that your child will be absent for medical reasons for three weeks or longer, please consult the school psychologist at your child's school in advance of the period of absence or, in emergency situations, as soon as possible after the absence begins so that homebound instruction by a qualified teacher may be arranged. The school psychologist will inform you of the details of the required medical certifications, etc.

HOURS OF SCHOOL OPERATION – Delayed Opening/Early Dismissal:

Occasionally, inclement weather makes it prudent for the safety of students to have a delayed opening or early dismissal. **Delayed Openings are 2 hours after the normal starting time. Early Dismissal usually occurs after a 4-hour instructional day, but unusual conditions could dictate a different schedule.** It is the responsibility of the parent or guardian to listen to the local radio stations (WICC – 600AM, WEZN – 99.9FM) for specific information or call Fairfield Public Schools Talkline at 255-TALK. It is recommended that all parents/guardians **register** for an automated alert (e-mail or text message) by signing up at www.k12alerts.com/fairfieldschools/.

**HOURS OF SCHOOL OPERATION: Delayed Opening/Early Dismissal -
Continued**

Please Note: There is no separate kindergarten bus on early dismissal days.

<u>Elementary Schools</u>					
	A.M. Opening	P.M. Closing	Kindergarten Dismissal	(2 Hour) Delayed Opening	Early Dismissal

Fairfield Ludlowe H. S.	7:40	2:20		9:40	11:55
Fairfield Warde H. S.	7:50	2:30		9:50	12:05

HOURS OF SCHOOL OPERATION: Delayed Opening/Early Dismissal – Continued

Decision Process

When inclement weather has the potential of impacting the safety of our students and staff, the school district relies on many professional resources to guide us in our decision to close or delay school. Information is obtained from the national weather service, state and local police departments, department of public works and from other school districts prior to a decision being made. The decision is made at the district level, not by the schools.

A decision to open late or to close school needs to be made prior to 6:00 a.m. due to bus schedules. If weather conditions are likely to improve, the preference is to delay rather than close so that the school day is not lost, but safety is always our foremost concern. Unfortunately, the weather is not always cooperative and a decision to delay may change to a decision to close. We make every effort to announce this change by 7:30 a.m.

Early dismissal decisions need to be made by 10:30 a.m. so that the drivers and the buses will be available. We must base our decisions on predicted weather conditions that do not always come to fruition. Again, safety is our primary consideration.

Once a decision is made, we notify a vast number of media: The *Talkline* (255-TALK) is updated, ctweather.com is notified, then the radio stations, TV stations and our district webmaster. Updates are posted as quickly as possible.

Delayed Openings are 2 hours after the normal starting time.

Early Dismissal usually occurs after a 4-hour instructional day, but unusual conditions could dictate a different schedule.

K-12 ALERT SYSTEM:

Fairfield Public Schools' **K-12 Alert System** allows parents to receive district announcements and emergency information via e-mail or text message. To sign up for this service, please go online to www.k12alerts.com/fairfieldschools/.

School closings, early dismissals and other important information will be delivered directly to your wireless phone and/or e-mail inbox. This will ensure that you get the most accurate information as quickly as possible.

The service is free of charge to enroll, but you are subject to any fees imposed by your wireless provider for text messaging.

KINDERGARTEN PROGRAMS AND SCHEDULE:

The Fairfield Public Schools offer both an *Extended Day Kindergarten Program and a Full Day Kindergarten Program*. Each program provides an exceptional kindergarten learning experience.

Extended Day Kindergarten

The Extended Day Kindergarten Program consists of a four hour and fifteen minute daily class session (8:55 a.m. - 1:10 p.m., except Holland Hill, 8:10 a.m. - 12:25 p.m.) and an optional two full days on either Monday/Thursday or Tuesday/Friday. **All students are dismissed after the four hour and fifteen minute session on Wednesday.** On the other four days, a portion of the Extended Day students are dismissed on either Monday/Thursday or Tuesday/Friday while the other students remain for the full day.

On the first day of school, **September 3, 2009**, and continuing through **September 14, 2009**, all kindergarten children attend only the four hour and fifteen minute session. This schedule is *always* in effect on Wednesdays throughout the year. **Beginning on Monday, September 14, 2009, the portion of the children designated as the Monday/Thursday group, will stay for the full school day. Beginning on Tuesday, September 15, 2009, the Tuesday/Friday group will stay for the full school day.**

Full Day Kindergarten

The Full Day Kindergarten Program consists of four full days of school (8:55 a.m. - 3:30 p.m., except Holland Hill, 8:10 a.m. - 2:45 p.m.) - Monday, Tuesday, Thursday, Friday and a four hour and fifteen minute session every Wednesday (8:55 a.m. - 1:10 p.m., except Holland Hill, 8:10 a.m. - 12:25 p.m.)

On the first day of school, **September 3, 2009**, and continuing through **September 14, 2009**, all kindergarten children attend only the four hour and fifteen minute session. This schedule is *always* in effect on Wednesdays throughout the year. **Beginning on Monday, September 14, 2009, children will stay for the full school day on each day except Wednesday.**

REMINDER: THE SHORTENED DAY FOR ALL EXTENDED DAY AND FULL DAY KINDERGARTEN CHILDREN IS WEDNESDAY.

OUT-OF-DISTRICT PLACEMENT:

Requests for out-of-district placement must be made in writing (not e-mail) to:

*Dr. Ann Clark
Superintendent of Schools
501 Kings Highway East
Fairfield, CT 06825*

The written communication must cite a specific reason(s) for the request.

REGISTRATION INFORMATION FOR NEW STUDENTS:

When registering a child in the Fairfield Public Schools, the parent or guardian will need to bring a copy of the child's birth certificate, proof of residency, immunization records, health assessment (physical examination) and school records (if applicable). The health assessment form may be obtained from your child's school.

Parents who register students during the spring and summer for entry into the Fairfield Public Schools for the following Fall will be asked to send health requirements **submitted after June 15th** to the Fairfield Public Health Nursing Office instead of the school office.

*Fairfield Public Health Nursing
100 Mona Terrace
Fairfield, CT 06824
Telephone: 203-256-3150*

Questions concerning **health requirements** for entry into school may be directed to the Fairfield Public Health Nursing Office at the address and telephone number above.

ONLINE REGISTRATION:

The Fairfield Public Schools has developed an online, secure, internet based student information system which allows parents/guardians to update vital information about their children. This service is designed so that parents/guardians can access their child's school information via the Internet. The online system will provide the district with the most up-to-date and complete record for your child.

The portal is family based, so there is one family ID and password that will give you access to all students associated with your family. The portal is preloaded with the information currently on file for each student enrolled in the Fairfield Public Schools. We ask that you please login to review and update your family's information as soon as possible. It is important that this is completed prior to the end of the school year. Please review each section in its entirety. Take special care to complete areas that are blank.

There are a few areas that cannot be updated by the parent/guardian; they are student address, birth date and the removal of parent/guardian. If any of these areas need to be changed, please contact the main office at your child's school and the secretary can make the change(s) for you.

The more complete the information you provide, the better we can communicate with and service the needs of our students and their families. You can access the system at anytime. The system is available 24 hours a day, 365 days a year, as long as your child is part of the Fairfield Public Schools. You can always add information about new doctors, changes in cell phone numbers, etc., at your convenience.

ONLINE REGISTRATION: Continued

If your household does not have internet access or if you feel you might need help completing the forms, please contact your child's school. The secretary can make arrangements for you to use a computer at the school to update your family's record and at the same time receive assistance, if needed. This system may also be used to register new students. Simply login to the website as described above, using your family login and click on the area for "new student".

Please add the address below to your internet browser to access the new online student information system (Safari, Internet Explorer, Firefox and Opera).

<https://www.k12alerts.com/emergencycards/login/fairfield/> and click on the "Family Login" Button.

If you have any questions about this process or trouble accessing the portal, you can email reghelp@fairfield.k12.ct.us and we will help you resolve your issue promptly.

REGISTRATION SCHEDULE FOR NEW STUDENTS:

ELEMENTARY SCHOOLS

2009-2010

June 22, 2009 to August 21, 2009

Registration will take place at the
Education Center, 501 Kings Highway East, 2nd Floor, 255-8390

August 24, 2009 to June 28, 2010

Registration takes place at the school assigned to
your street address during regular school hours.

2010-2011

June 29, 2010 to August 20, 2010

Registration will take place at the
Education Center, 501 Kings Highway East, 2nd Floor, 255-8390

August 23, 2010 to June 27, 2011

Registration takes place at the school assigned to
your street address during regular school hours.

SECONDARY SCHOOLS

(Fairfield Woods, Roger Ludlowe, Tomlinson Middle Schools,
Fairfield Ludlowe and Fairfield Warde High Schools)

Registration will take place at the school assigned
throughout the year during regular school hours.

Summer Hours:

Fairfield Woods Middle School	-	8:30 a.m. to 3:00 p.m.
Roger Ludlowe Middle School	-	8:30 a.m. to 3:00 p.m.
Tomlinson Middle School	-	8:30 a.m. to 3:00 p.m.
Fairfield Ludlowe High School	-	7:30 a.m. to 2:30 p.m.
Fairfield Warde High School	-	7:30 a.m. to 2:30 p.m.

SCHOOL CALENDAR 2009-2010:

The Board of Education has established a calendar containing 182 days for instruction. School will begin with a full day for all students in grades 1-12 on **Thursday, September 3, 2009**. Kindergarten is dismissed after a 4 hour and 15 minute session. Orientation programs for students in **grade 6 and grade 9** will be held on **Wednesday, September 2, 2009**. Specific information on orientations will be sent from the schools.

Reduced Lunch	-		-	\$.40
Milk	-		-	\$.40
Breakfast	-	McKinley Only	-	\$1.25
Reduced Breakfast	-	McKinley Only	-	\$.30

Lunch Payment System

Elementary

The Fairfield Public Schools is using an electronic process for paying for school lunch called Horizon Point-of-Sale.

It's quite a simple process. A parent/guardian shall deposit money into their child's account. Your child's name/picture appears on the computer screen located at the end of the lunch line. When your child comes through the lunch line, the cashier simply presses your child's picture, presses the meal your child is selecting and off they go! The price of the meal is deducted from your child's account.

How do I pre-pay for meals or milk?

There are three ways to put money into your child's account:

1. You may set up an account through www.Mealpayplus.com and pre-pay whatever dollar amount you choose using a checking account, debit or credit card. (You will be charged a 4.75% convenience fee for using your checking account, debit or credit card. These charges cover the cost of bank fees. The school district does not earn any income from these fees.) You will need your child's student identification number to set up an account on Mealpayplus.com. You may call our office at (203) 255-8370 to obtain this number.
2. You may call Mealpayplus' toll free number at 1-866-563-7538 and pre-pay by using a checking account, debit or credit card over the telephone. (You will be charged a 4.75% convenience fee for using your checking account, debit, or credit card. These charges cover the cost of bank fees. The school district does not earn any income from these fees.) You will need your child's student identification number to set up an account with Mealpayplus. You may call our office at (203) 255-8370 to obtain this number.

***Please note:** If you choose to pre-pay through Mealpayplus, you will be given the option of putting money into either a Meal Account or a General Account. The Meal Account will only allow a student to purchase the meal that is posted on the menu. If your child purchases a la carte items (e.g., milk, water), we recommend you put your money into the General Account.

3. You may send in a check to the Cafeteria Manager. The Cafeteria Manager will enter your check amount into your child's account. Checks should be made payable to Fairfield School Lunch. (There is no fee for this method of payment.) Please put your child's name and grade on the check.

How do I know the balance in my child's account?

You can check your child's account balance by registering your child on Mealpayplus. There is no cost to do this. Simply log onto www.Mealpayplus.com and follow the instructions for registering your child. You will need his/her student identification number to do this. You can obtain your child's student identification number by calling your school office or the Food Services Department at (203) 255-8370. Registering your child on Mealpayplus does not mean that you have to pay through Mealpayplus. It allows you to view a balance at any time on-line and also receive e-mail reminders when your child's account balance goes below a certain amount.

You can also set up an "e-mail low balance notification" on the Mealpayplus website. They will send you an e-mail notice when your child's account is getting low. There is no cost to do this.

Can I view what my child has purchased for lunch?

Yes, by logging onto www.Mealpayplus.com you can view what your child purchased for lunch. (You must register your child on Mealpayplus before using the Purchase History feature.) Once you register your child on Mealpayplus, click on the item called Purchase History. Select your child's name and a date range and the purchase information will appear.

What happens if my child doesn't have any money in his/her account and wants to buy lunch?

If your child's account balance reaches zero, he/she will be allowed emergency lunch loans. With the first three (3) emergency lunch loans, your child may select from the full menu. After three (3) emergency lunch loans, he/she will receive the chef salad lunch.

If your child's account balance is zero, you can also log onto www.Mealpayplus.com and make a payment to your child's account. The payment is usually deposited into your child's account within 15 minutes.

What if my child receives free or reduced price meals?

The computer system is confidentially coded indicating whether he/she receives free or reduced priced meals. If your child receives free meals, there is no charge to his/her account. Students who receive reduced price meals must have money in their account or pay cash. The cost of reduced lunch is \$.40 per day. When your child comes through the lunch line, he/she simply gives his/her name to the cashier. The cashier rings up your child's meal purchases. The cost, if any, is deducted from his/her account and off they go.

Do I need to use all the money in my child's account this school year?

No. Any money left in your child's account at the end of this school year will carry over to the next school year.

IN ORDER FOR THIS SYSTEM TO RUN SMOOTHLY AND PROPERLY, IT IS IMPERATIVE THAT MONEY BE IN YOUR CHILD'S ACCOUNT.

If you have any questions regarding the lunch payment system, please call the Food Services Department at (203) 255-8370.

Lunch Payment System

Secondary

The Fairfield Public Schools is using an electronic process for paying for school lunch called Horizon Point-of-Sale.

It's quite a simple process. A parent/guardian may pre-pay for school meals by putting money into their child's account. When your child comes through the lunch line he/she simply enters their student identification number into the key pad. Your child's name/picture appears on the computer screen located at the end of the lunch line. The cashier rings up your child's meal purchases. The cost is deducted from his/her account or he/she pays cash and off they go! Students may still use cash to purchase their meals, however; pre-payment speeds the lunch lines and allows your child more time to eat.

How do I pre-pay for meals?

There are three ways to put money into your child's account:

1. You may set up an account through www.Mealpayplus.com and pre-pay whatever dollar amount you choose using a checking account, debit or credit card. (You will be charged a 4.75% convenience fee for using your checking account, debit or credit card. These charges cover the cost of bank fees. The school district does not earn any income from these fees.) You will need your child's student identification number to set up an account on Mealpayplus.com. You may call our office at (203) 255-8370 to obtain this number.

***Please note:** If you choose to pre-pay through Mealpayplus, you will be given the option of putting money into either a Meal Account or a General Account. The Meal Account will only allow a student to purchase the Traditional Lunch or the Deluxe Lunch that is posted on the menu. If your child purchases a la carte items (e.g., drinks, snacks, salads, wraps, soups, etc.), we recommend you put your money into the General Account.

3. You may send in a check to the Cafeteria Manager. The Cafeteria Manager will enter your check amount into your child's account. Checks should be made payable to Fairfield School Lunch. (There is no fee for this method of payment.) Please put your child's name and student identification number on the check.

How do I know the balance in my child's account?

You can check your child's account balance by registering your child on Mealpayplus. There is no cost to do this. Simply log onto www.Mealpayplus.com and follow the instructions for registering your child. You will need his/her student identification number to do this. You can obtain your child's student identification number by calling your school office or the Food Services Department at (203) 255-8370. Registering your child on Mealpayplus does not mean that you have to pay through Mealpayplus. It allows you to view a balance at any time on-line and also receive e-mail reminders when your child's account balance goes below a certain amount.

Can I view what my child has purchased for lunch?

Yes, by logging onto www.Mealpayplus.com you can view what your child purchased for lunch. (You must register your child on Mealpayplus before using the Purchase History feature.) Once you register your child on Mealpayplus, click on the item called Purchase History. Select your child's name and a date range and the purchase information will appear.

What happens if my child doesn't have any money in his/her account and wants to buy lunch?

If your child's account balance is zero, he/she will have to pay cash for meals until his/her account is replenished. Students can contact their parents who can immediately make a payment through Mealpayplus. It takes approximately 15 minutes for the transaction to file down to our computer system. **THERE IS ABSOLUTELY NO CHARGING OF LUNCHES.**

IN ORDER FOR THIS SYSTEM TO RUN SMOOTHLY AND PROPERLY, IT IS IMPERATIVE THAT MONEY BE IN YOUR CHILD'S ACCOUNT.

What if my child receives free or reduced price meals?

The computer system is confidentially coded indicating whether he/she receives free or reduced priced meals. If your child receives free meals, there is no charge to his/her account. Students who receive reduced price meals must have money in their account or pay cash. The cost of reduced lunch is \$.40 per day. Students who receive free or reduced meals are eligible for the Traditional Lunch or the Deluxe Lunch. A la carte items are not included in the free/reduced lunch program and must be paid for separately in cash or with money on account. When your child comes through the lunch line, he/she simply enters his/her student identification number into the keypad. Your child's name and picture appears on the computer screen located at the end of the lunch line. The cashier rings up your child's meal purchases. The cost, if any, is deducted from his/her account or he/she pays cash and off they go.

Do I need to use all the money in my child's account this school year?

No. Any money left in your child's account at the end of this school year will carry over to the next school year.

If you have any questions regarding the lunch payment system, please call the Food Services Department at (203) 255-8370.

STANDARDIZED TESTING SCHEDULE:

Students in the Fairfield Public Schools participate in several standardized testing programs. The Connecticut Mastery Test (CMT) is a State mandated examination administered to children in grades **3 - 8**. This year the Connecticut Mastery Test will be administered during the weeks of **March 1, 2010 – March 26, 2010**. **Make-up testing will be conducted throughout the month of March.**

The Cognitive Abilities Test is administered to children in grades 3, 5, and 7. This three-day test, along with make-ups, will be administered during the weeks of **January 4, 2010 – January 21, 2010**.

The Connecticut Academic Performance Test (CAPT) will be administered to students in grade 10 in the spring of 2009. **Testing dates for the CAPT fall during the weeks of March 1, 2010 – March 26, 2010. Make-up testing will be conducted throughout the month of March.**

You will receive a reminder of the dates of applicable testing for your child from school staff so he/she may be well rested and ready to do his/her best work. The school system mails the results of standardized testing to parents, with the exception of the Cognitive Abilities Test.

STUDENTS WITH SPECIAL HEALTH NEEDS:

Parents should notify the school nurse if a child has any medical problems, e.g., allergies, chronic illness, vision, or hearing difficulties. The school nurse will work with the child's parents, physician, and other school personnel to meet any special health needs in school so that the child may benefit fully from his or her educational program. An Individualized Health Care Plan may be developed by the school nurse if appropriate to address the student's health care needs during the school day.

VISITORS TO SCHOOL:

Visitors are welcome in the Fairfield Public Schools. All visitors must report to the school office immediately upon entering the building and obtain and wear a visitor's pass.

POLICIES AND REGULATIONS

AIDS EXEMPTION POLICY:

In accordance with the Board of Education AIDS Exemption Policy and PA 88-112, a parent or guardian may exempt their child from the AIDS lessons by notifying the building principal in writing of their request.

ASBESTOS E. P. A. REGULATIONS:

It is required that parents, teachers, and employee organizations be annually informed in writing of the availability of management plans.

PUBLIC NOTICE

Each school building's Asbestos-Containing Materials Management Plan is available for review at the school office.

E. P. A. Regulation 763.93 (4)

ATTENDANCE:

Attendance of Students – Parent or Guardian Obligation

In accordance with Connecticut General Statutes, Section 10-198a, Policies and Procedures Concerning Truants, the district is required to notify a parent or guardian of children age five and over and under eighteen of their responsibility to have their child attend school regularly.

A student is considered to be “in attendance” if present at his/her assigned school, or an activity sponsored by the school (e.g., field trip), for at least half of the regular school day. A student who is serving an out-of-school suspension or expulsion should always be considered absent.

Duties of Parents, Section 10-184

Each parent or guardian having control of a child five years of age and over and under eighteen years of age shall cause such child to attend a public day school regularly during the hours and terms the public school wherein such child resides is in session, or while the school is in session in which provision for the instruction of such child is made according to law.

Please Note: Parents may opt out of mandatory school attendance for their children on an annual basis when the children are either five or six years of age by personally appearing at the school office and signing an option form exercising this right. The building administrator or his/her designee shall inform the parent of the educational opportunities available. Similarly, students age sixteen and seventeen are subject to the mandatory attendance law unless the parent or guardian personally appears at the school and signs a withdrawal form. The building administrator or his/her designee shall inform the parent or guardian of educational opportunities available in the school system and community.

ATTENDANCE POLICY – FAIRFIELD HIGH SCHOOLS: Board of Education Policy

ABSENCE – LOSS OF CREDIT

The purpose of this policy is to encourage school and/or class attendance in order to have students maximize their educational opportunities. Regular, uninterrupted attendance at school and/or class is essential to successful learning.

Students enrolled in a Fairfield high school who exceed the permitted number of absences from school and/or class may lose credit for that class or classes as specified in the Administrative Regulations on Attendance.

The Administrative Regulations on Attendance at Fairfield's high schools are published in the *Fairfield Ludlowe High School* and the *Fairfield Warde High School Student Handbook*, which are distributed annually to every student.

Also see Truancy on page 53

BULLYING POLICY:

The Board of Education promotes a secure and happy school climate, conducive to teaching and learning which is free from threat, harassment, and any type of bullying behavior. Therefore, it shall be the policy of the Board that bullying of a student by another student is prohibited.

Bullying is defined under Sec. 10-222d. as amended by PA 08-160 as:

any overt acts by a student or a group of students directed against another student with the intent to ridicule, humiliate, or intimidate the other student while on school grounds or at a school-sponsored activity, which acts are committed more than once against any student during the school year.

A student who engages in any act of bullying is subject to appropriate disciplinary action up to and including suspension, expulsion, or referral to law enforcement officials.

The District's Program:

1. permits anonymous reports of bullying by students and written identifiable reports of suspected bullying by the parent or guardian;
2. requires teachers and other school staff to notify school administrators in writing of bullying acts they witness and students' reports they receive;
3. requires school administrators to investigate parents' or guardians' written reports and review students' anonymous reports, except that no disciplinary action shall be taken solely on the basis of an anonymous report;
4. requires each school to maintain a publicly available list of the number of verified bullying acts that occurred there;
5. requires each school to have a prevention and intervention strategy, as defined by statute, for school staff to deal with bullying, including language about bullying in student codes of conduct and in all student handbooks;
6. requires each school to notify parents or guardians of all students involved in a verified act of bullying and invite them to attend at least one meeting. The notice must describe the school's response and any consequences that may result from further acts of bullying.
7. requires the development of case-by-case interventions for addressing reported incidents of bullying against a single individual or recurring perpetrated bullying incidents by the same individual that may include both counseling and discipline;
8. requires students to be notified annually of the process by which they will make reports of bullying;
9. requires the identification of appropriate school personnel, which may include, but shall not be limited to, pupil service personnel, responsible for taking a bullying report and investigating the complaint;
10. as required, but not later than February 1, 2009, submit this policy to the Department of Education for its review, analysis, and cooperative assistance; and
11. inclusion in the District's staff development program for certified staff training pertaining to the prevention of bullying, effective July 1, 2009.

The Board expects prompt and reasonable investigations of alleged acts of bullying. The principal of each school or designee is responsible for handling all complaints of alleged bullying.

Prevention and Intervention Strategy

The District shall implement, as required by C.G.S. 10-221d, as amended, a prevention and intervention strategy which may include, but not limited to:

1. Implementation of a positive behavioral intervention and supports process or another evidence-based model approach for safe school climate or for the prevention of bullying identified by the Department of Education.
2. A school survey to determine the prevalence of bullying.
3. Establishment of a bullying prevention coordinating committee with broad representation to review the survey results and implement the strategy.
4. School rules prohibiting bullying, harassment, and intimidation and establishing appropriate consequences for those who engage in such acts.
5. Adequate adult supervision of outdoor areas, hallways, the lunchroom, locker rooms and other specific areas where bullying is likely to occur.
6. Inclusion of grade appropriate bullying prevention curricula in kindergarten through high school.
7. Individual interventions with the bully, parents; and school staff, and interventions with the bullied child, parents; and the school staff.
8. School-wide training related to safe school climate.
9. Promotion of parent involvement in bullying prevention through individual or team participation in meetings, trainings, and individual interventions.

A comprehensive approach, involving everyone in the schools and the community, to address this issue at all school levels is essential to reducing incidences of bullying. Such an approach must involve proactive school-wide, classroom and individual intervention. In addition, the norms that are established by adults through consistent enforcement of all policies pertaining to conduct and modeling appropriate behavior at school and at home will reduce the incidence of bullying. It is important and necessary to promote the concept that caring for others is a valued quality, one that is accepted and encouraged.

The Superintendent or designee shall provide that students and parents or guardians of students are notified of the prohibition against bullying and the penalties for violating the prohibition by ensuring inclusion of such information in student and parent handbooks.

This policy shall not be interpreted to prohibit a reasonable and civil exchange of opinions, or debate that is protected by state or federal law.

Administrative Regulations on Bullying

The Bullying Policy is supported by extensive Administrative Regulations. You can obtain a copy of these regulations by calling the Instructional Office at (203) 255-8372.

CHILD ABUSE:

Suspected Child Abuse - Mandated Reporting

Your child's safety, health, and welfare are our highest priorities. In order to protect children from injury, abuse, or neglect, any suspicion of such must be immediately reported to the staff member's supervisor, the Superintendent or designee, and the Connecticut Department of Children and Families. **All professional school employees and school paraprofessionals are mandated reporters under the provisions of Connecticut General Statutes, Section 17a-101.**

COMMUNICABLE DISEASES:

Communicable diseases or conditions should be reported to the school nurse. These include but are not limited to:

Chickenpox	Hepatitis	Meningitis	Pneumonia	Scarlet Fever/Scarletina	Tuberculosis
Diphtheria	Impetigo	Mononucleosis	Poliomyelitis	Smallpox	Coxsackie Virus
Fifth Disease	Influenza	Mumps	Ringworm	Strep Throat	Whooping Cough
German Measles	Measles	Pinkeye	Scabies	Tetanus	Shingles
Haemophilus Influenza		Food poisoning confirmed by a physician			Head Lice
Salmonella		SARS (Severe Acute Respiratory Syndrome)			Vaccinia Disease
MRSA (Methicilin Resistent Staph Aureus) - confirmed by a physician.					

If your child is suspected of having one of these diseases or conditions, your physician should be consulted immediately.

Preventative measures to limit the spread of communicable diseases:

- Wash your hands often with soap and water, especially after you cough or sneeze. Alcohol-based hand cleaners are also effective.
- Cover your nose and mouth with a tissue or your sleeve when you cough or sneeze. Throw the tissue in the trash after you use it.
- Avoid touching your eyes, nose or mouth. Germs spread that way.
- Try to avoid close contact with sick people.
- If you get sick, stay home from work or school and limit contact with others to keep from infecting them.

DENTAL HEALTH PROGRAM:

Teeth cleaning and topical fluoride treatments are provided in school by dental hygienists for all students whose parent or guardian requests this service and meet income guidelines. Additionally, limited funding for eligible students who are Fairfield residents is available for care by participating dentists for problems such as cavities or tooth extractions. A parent or guardian who wishes to apply for their child to receive cleaning, fluoride or dentist services should complete the dental clinic application, which is sent home each year.

DIRECTORY INFORMATION:

"Directory Information" in the Fairfield Public Schools is defined as the following:

- student's name;
- address; and
- telephone number.

Military recruiters or institutions of higher learning shall have access to secondary school students' names, addresses, and telephone listings unless the parent or guardian of the student or the student himself/herself, if he/she has reached the age of majority, requests that such information not be released without prior written parental consent. The Board of Education shall notify the parent or guardian of the option to make such a request and shall comply with any request received.

If you wish to file a Notice of Objection to this disclosure, please call Fairfield Ludlowe High School at (203) 255-7201 or Fairfield Warde High School at (203) 255-8449, and request the *Denial of Permission To Release Directory Information Without Prior Written Request Form*. Complete the form and return it to:

David Ebling, Interim Headmaster
Fairfield Ludlowe High School
785 Unquowa Road
Fairfield, CT 06824

Mr. James Coyne, Headmaster
Fairfield Warde High School
755 Melville Avenue
Fairfield, CT 06825

Directory information will not be released for commercial, religious, or political purposes. Schools or PTAs shall not develop school or PTA telephone directories without obtaining written parental approval.

DISCIPLINE POLICY:

- a. Students, teachers, and administrators have the right to expect mutual courtesy, fair and equitable treatment, and to be informed of their rights and their responsibilities. The staff of the Fairfield Public Schools strive to assist students to develop the ability for self-direction and self-discipline. However, those students who infringe upon the rights of others or who violate school policies and regulations will be subject to corrective action. In all cases the rights of students will be preserved and protected.
- b. The administration of each individual school is given the authority to take appropriate action to ensure compliance with Board policy as stated above. Appropriate action may include, although it is not limited to, one or more of the following:
 - (1) conference with student and/or teacher and/or guidance counselor;
 - (2) conference with parent or guardian;
 - (3) referral to building and/or central planning and placement team;
 - (4) referral to social and community agencies;
 - (5) internal or external suspension of student;
 - (6) recommended expulsion of student.

- c. Corporal punishment as a disciplinary measure is prohibited in the Fairfield Public Schools. Notwithstanding this, physical force may be used to quell a disturbance, which threatens physical injury to others, to obtain possession of weapons or other dangerous objects, for the purpose of self-defense, and for the protection of persons and property.

DRUG POLICY:

Board of Education Policy and the supporting administrative regulations specify the district's position on this important subject.

It is the policy of the Fairfield Public Schools to prevent and prohibit the possession, use, and/or distribution of any drug (narcotics and/or alcohol) or drug paraphernalia on school property, at school-sponsored events, on school buses, and enroute to and from school by any mode of travel.

- (1) Violations of this policy, including the possession, use, distribution of any drug or drug paraphernalia, and being under the influence of any drug on school property or at any school-sponsored event, shall be dealt with in accordance with the procedures developed by the administration. The consequences of such violations may ultimately result in expulsion from school.
- (2) Recognizing that drug use and abuse may be indicative of serious, underlying problems, every effort shall be made to offer a student help and assistance, including early identification, referral for treatment, and after-care support. Disciplinary procedures will be administered with the best interests of the student, school population, and community in mind.
- (3) Due consideration will be given to the rights of students: questioning of a student on school premises will take place only in the presence of a school building administrator and/or dean; a student's right to remain silent or to speak through an attorney or parent or guardian may not be abridged; a school building administrator and/or dean will maintain a record of all proceedings under this policy, which shall be available to the student.

FAMILY INVOLVEMENT POLICY:

The Fairfield Board of Education recognizes that the partnership between families and the school is crucial to the successful education of children attending the Fairfield Public Schools. This Family Involvement Policy has been written to convey to the parent or guardian of Fairfield's school children that their participation in their child's education is highly valued.

It is the Board's policy that families are welcome in the schools and encouraged to become involved in their child's education. To that end, the Board gives its full support to the following standards:

- encouraging family participation in their child's education in school and at home;
- promoting communication between school and home regarding the instructional program and student progress;
- providing assistance to families in developing parenting skills, which benefit their child at home and increase achievement at school;
- facilitating family participation in decision-making that affects children; and
- inviting families to participate in the education of children by assuming volunteer support roles at school.

The Board believes that a family's involvement in their child's education must be a high priority and recognizes the importance of staff leadership in setting expectations and creating a climate conducive to family participation. The Board of Education supports the development, implementation, and evaluation of opportunities for family involvement. The goal of increased family involvement and its related improvement in student achievement is a shared responsibility of families, school staff, the school system as a whole, and the community at large.

FAMILY LIFE EXEMPTION POLICY:

A parent or guardian may exempt their child from the Family Life/Physical Growth and Development lessons of the health curriculum by notifying the building principal, in writing, of their request.

FOOD ALLERGIES – POLICY AND REGULATIONS:

The Fairfield Board of Education recognizes the increasing prevalence of potentially life-threatening food allergies among children. Effective management of food allergies in the school setting includes implementing strategies for avoidance of offending foods by allergic children and emergency planning to ensure prompt identification and treatment of allergic reactions that may occur. The Board supports the education of school personnel, students, and parents regarding food allergy management to maintain a safe school environment for allergic children.

Administrative Regulations

The goal of the following administrative regulations is to assist an identified allergic student* in avoiding exposure to allergens. It is recognized, however, that the school district cannot guarantee the elimination of allergens from the school environment.

1. Recognizing that peanuts, peanut products, tree nuts, and tree nut products can be associated with the most severe types of allergic reactions, they shall not knowingly be used for instructional purposes.
2. Recognizing the need for reliable communications from all student locations to the school office, all schools shall have a facility specific communication system, such as a walkie-talkie, available to summon help to any location in an emergency during the time classes are in session. If an emergency occurs during an activity that takes place at a time other than when classes are in session, emergency medical services shall be utilized by calling 9-111.
3. School personnel will not attempt to determine whether foods brought to school are safe for an allergic child to consume.
4. School personnel will implement, in collaboration with the school nurse, parent(s), and student a written plan for the avoidance of offending foods by an identified allergic student. This plan will be communicated to all personnel with whom the student has contact with during the school day including the bus driver(s) if transportation is provided. Specific provision will be made to share the plan with substitute personnel. **(Please refer to the School Nurse's Role in Management and Emergency Planning, available at each site.)**

* An "*identified allergic student*" is one for whom the school nurse has a written plan for allergy avoidance and a written emergency plan to be followed in the event an allergic student ingests or believes he/she has ingested an offending food. The school nurse will require documentation of the food allergy by the student's health provider as specified in the School Nurse's Role in Management and Emergency Planning.

Recognizing the need for identified students to avoid specific allergens, the elements of a plan may include, but are not limited to, the following provisions, as may be warranted by the needs of the individual identified allergic student:

- A. The provision to provide parents, staff, and students with detailed information regarding the ingredients of the school lunch.
- B. The provision of an identified allergen-free table in the school cafeteria, which is thoroughly washed prior to the first lunch shift and between lunch shifts.
- C. The provision for washing classroom desktops to remove identified allergens.
- D. The provision for staff and students who have been in contact with an allergen to wash thoroughly before resuming contact with an allergic student.
- E. The provision on field trips, if an allergic student will eat lunch/snacks other than those brought from home, for the menu to be reviewed by the parent prior to the trip to determine whether the child may eat the food. If the parent or guardian is unable to make the determination, or the menu is unavailable, the parent or guardian will send safe food on the trip with the student. High school students may be able to make their own safe choices. Epinephrine shall accompany the allergic student on field trips and be readily available. A communication system for calling an EMS shall be available at all times on field trips.
- F. The provision for all classroom lessons in art, family/consumer science, mathematics, and other subjects that use food for instructional purposes to not knowingly include offending foods when an allergic student is present.
- G. The provision for epinephrine to be available as required by the severity of the student's allergy.

GENERAL HEALTH INFORMATION MAINTAINED ON CUMULATIVE HEALTH RECORD:

1. Record of Health Assessments (i.e., physical examinations)
2. Record of:
 - a. Vision Screening Tests
 - b. Hearing Screening Tests
 - c. Postural Screening
 - d. Dental Services if applicable
3. Record of Immunizations
4. Other relevant health information

GRADUATION REQUIREMENTS:

To graduate from the Fairfield Public Schools, a student must earn a minimum of 43 credits and meet the credit distribution requirement. A student must demonstrate the designated computer applications proficiency.

Beginning with the graduating Class of 2006, a student must also meet designated levels of academic proficiency in mathematics, reading across the disciplines, and writing across the disciplines. Beginning with the Class of 2008, a student must also meet designated academic proficiency in science.

Credit Requirements for Graduation

To meet the minimum requirements for a high school diploma, a student must earn 43 credits and achieve the following credit distribution:

English	-	8 credits
Math	-	6 credits
Science	-	6 credits
Social Studies	-	6 credits
Physical Education and Health	-	3.04 credits (16 units)
Arts/Vocational	-	2 credits

Both the 6 credit requirement in Science and 43 credit minimum requirement became applicable to the Class of 2009.

Demonstrate Computer Applications Proficiency

Demonstrate Academic Proficiency

Score at or above the Proficiency Level on each of four areas of the Connecticut Academic Performance Test (CAPT): Mathematics, Reading Across the Disciplines, Writing Across the Disciplines and Science;

OR

Demonstrate proficiency on performance assessments, which correspond to any areas of CAPT, which fall below the designated score levels.

High School Performance Standards

Math - A student who has not met the CAPT mathematics criterion must demonstrate proficiency in one of the following ways:

- The student will be retested on the CAPT the following year in order to demonstrate proficiency by meeting the district's identified standard;

OR

- b. The individual sub-tests of CAPT that do not meet the above criteria will be identified. Open-ended math problems, which correspond to these sub-tests and are appropriate to the content of the course in which the student is enrolled, will be constructed. Student work on these assessments will be retained in an electronic folder or in a work folder maintained by the student and monitored by the student's teacher. During the summer between junior and senior year, a committee of math teachers will examine this collective work, rate each assessment against an established rubric, and determine if the work demonstrates proficiency.
- c. Additional performance tasks will be provided during the fall of the senior year for those students who did not demonstrate proficiency on their junior demonstration folder. By the second week in January, a committee of mathematics teachers will examine this work against the established rubric and determine if the work demonstrates proficiency.
- d. A student who does not demonstrate proficiency in his/her senior demonstration folder must successfully complete a performance-based Senior Exit Program.

Reading Across the Disciplines - consists of two sub-categories: Response to Literature and Reading for Information. A student who has not met the CAPT Reading Across the Disciplines criteria must demonstrate proficiency in one of the following ways:

- a. The student will be retested on the CAPT the following year in order to demonstrate proficiency by meeting the district's identified standard;

OR

Assessment instruments will be constructed by English teachers (Response to Literature) and social studies teachers (Reading for Information) to allow students to demonstrate proficiency in reading based on the CAPT criteria:

- b. The individual sub-tests of CAPT, which do not meet the above criteria, will be identified. Reading assessments, which correspond to these sub-tests and are appropriate to the content of the course in which the student is enrolled, will be constructed. (The English department will be responsible for the subset of Response to Literature and the social studies department will be responsible for Reading for Information.) Student work on these assessments will be retained in an electronic folder or in a work folder maintained by the student and monitored by the student's teacher. During the summer between junior and senior year, a committee of English and social studies teachers will examine this collective work, rate each assessment against an established rubric, and determine if the work meets performance standards.

- c. Additional performance tasks will be provided during the fall of the senior year for those students who did not demonstrate proficiency on their junior reading assessments. By the second week in January, a committee of English and/or social studies teachers will examine this work against the established rubric and determine if the work demonstrates proficiency.
- d. A student who does not demonstrate proficiency in his/her senior demonstration folder must successfully complete a performance-based Senior Exit Program.

Writing Across the Disciplines - consists of two (2) sub-categories, which are: Interdisciplinary Writing and Editing and Revising. A student who has not met the CAPT Writing Across the Disciplines criteria must demonstrate proficiency in one of the following ways:

- a. The student will be retested on the CAPT the following year in order to demonstrate proficiency by meeting the district's identified standard;

OR

Assessment instruments in English and social studies will be constructed to allow students to demonstrate proficiency in writing based on the CAPT rubrics. Internal assessment prompts will be constructed to allow students to demonstrate proficiency in writing in the following manner:

- b. The individual sub-tests of CAPT, which do not meet the above criteria, will be identified. Writing assessments, which correspond to the two sub-tests and are appropriate to the content of the course in which the student is enrolled, will be constructed. Student work on these assessments will be retained in an electronic folder or in a work folder maintained by the student and monitored by the student's teacher. A committee of English and social studies teachers will examine this collective work, rate each assessment against an established rubric, and determine if the work meets performance standards.
- c. Additional performance tasks will be provided during the fall of the senior year for those students who did not demonstrate proficiency on their junior writing assessments. By the second week in January, a committee of English and/or social studies teachers will examine this work against the established rubric and determine if the work demonstrates proficiency.
- d. A student who does not demonstrate proficiency in his/her senior demonstration folder must successfully complete a performance-based Senior Exit Program.

Science: A student who has not met the CAPT science criterion must demonstrate proficiency in one of the following ways:

- a. The student will be retested on the CAPT the following year in order to demonstrate proficiency by meeting the district's identified standard;

OR

- b. The individual CAPT science standards that do not meet the above criteria will be identified. Performance tasks that correspond to these standards and are appropriate for the course in which the student is enrolled, will be constructed. Student's work on these tasks will be retained in an electronic folder or in a work folder maintained by the student and monitored by the student's teacher. During the summer between junior and senior year, a committee of science teachers will examine this collective work, rate each task against an established rubric, and determine if the work demonstrates proficiency.
- c. Additional tasks will be provided during the fall of senior year for those students who did not demonstrate proficiency on their junior demonstration folder. By the second week in January, a committee of science teachers will examine this work against the established rubric and determine if the work demonstrates proficiency.
- d. A student who does not demonstrate proficiency in his/her senior demonstration folder must successfully complete a performance-based Senior Exit Program.

Procedures for Review of Student Work

The Headmaster(s) of Fairfield high school(s) and the appropriate curriculum leaders will appoint a committee of teachers. Student work will be submitted and reviewed at the end of the student's junior year. Students who do not meet the standards on either the CAPT retest(s) or the submitted demonstration folder will be allowed to submit another demonstration folder at the conclusion of the first semester of their senior year. Students who do not demonstrate proficiency will enroll in a designated senior project course and/or a designated math course.

Transfers

If a student transfers to a Fairfield high school after completing three (3) years of high school elsewhere, he/she may be exempt from Fairfield High School Performance Standards.

Notification - Teachers, Students, and Parents

The guidance department will formally notify students, their teachers, and their parents or guardians if the district's standard on the CAPT has not been met in the areas of Mathematics, Reading Across the Disciplines, and Writing Across the Disciplines. Students who have not met the district's standard will be encouraged to retake designated CAPT areas in the spring of their junior year and to submit a demonstration folder of their work by June 1st as indicated above. The results of the assessment of the student work will be communicated to students who have demonstrated proficiency in their folder of work by the second week of September.

The results of the CAPT retest and the scoring of the folder of student work from the first semester of the senior year will be communicated by the guidance department via certified mail to the student and parents or guardians by the second week of January of the senior year.

Successful completion of a performance-based Senior Exit Program will be communicated to the students and their parents or guardians by June 1st of the senior year.

Options

If a student does not demonstrate proficiency as described, he/she may return to the high school for a fifth year, enroll in summer school, or register for appropriate night school classes.

Appeals

The headmaster(s) shall design and implement an appeals process. The final authority to determine proficiency on appeal will rest with the headmaster(s).

HAZING POLICY:

The Fairfield Public Schools prohibit any activity that recklessly or intentionally endangers the mental health, physical health, or safety of a student for the purpose of initiation or participation in a school activity.

Hazing is prohibited whether it occurs on or off school grounds and whether it occurs during, prior to, or after the season or school day. Any hazing activity, whether by an individual or a group, shall be presumed to be a forced activity, even if the student willingly participates.

All coaches and advisors are required, prior to commencement of their season or activity, to meet and explain this policy to all participants. In the event that a coach or advisor becomes aware of any violations of this policy, it must be reported immediately to the building administrator.

If a student believes that hazing has occurred, the student shall promptly report this incident to a coach or advisor, counselor, or administrator. This information must immediately be brought to the building administrator's attention. The building administrator will conduct a comprehensive investigation. All information will be held in strict confidence.

Consequences for hazing activities may include, but are not limited to: team/activity suspensions or removal, school suspension or expulsion, and/or legal prosecution.

The Superintendent shall provide that students, and parents or guardians of students are notified of the prohibition against hazing and the penalties for violating the prohibition by ensuring the inclusion of this policy in student and parent handbooks.

HEALTH ASSESSMENTS (PHYSICAL EXAMINATIONS), IMMUNIZATIONS, AND ADMINISTRATION OF MEDICATIONS:

Health Assessments (Physical Examinations)

In accordance with Connecticut General Statutes, each student enrolled in the Fairfield Public Schools shall be required to have a health assessment by a legally qualified practitioner of medicine (physician or osteopath licensed to practice in the United States), or by an advanced practice registered nurse, registered nurse, or physician's assistant licensed to practice in Connecticut:

- prior to initial entrance into preschool programs;
- prior to initial entrance into Kindergarten;
- for transfer students, prior to initial entrance into the Fairfield schools;
- in grades 6 and 10;
- for un-graded students, prior to initial entrance and whenever a health assessment is required for students of the same age cohort as the un-graded student.

Health assessments shall be required for entrance into grade nine in non-public high schools in lieu of health assessments required in grade 10.

All health assessments required above and done on or after August 15, 2005 shall include documentation of an assessment of the student's risk of exposure to tuberculosis. Any student determined to be at high risk shall receive a Mantoux tuberculin skin test performed in the United States as part of the required health assessment.

Health assessments required prior to initial entrance into a Fairfield Public School shall include evidence of a Mantoux tuberculin skin test performed after most recent entry into the United States for students entering school in Fairfield from a country with a high prevalence of tuberculosis. Countries with a high prevalence of tuberculosis include those identified as such by the Connecticut Department of Public Health. The school nurse will inform you of countries that are identified as high prevalence countries.

Any student found to have a positive Mantoux tuberculin skin test or tuberculosis disease shall be permitted to attend school only in accordance with the tuberculosis control protocols established by the Fairfield Director of Health and School Medical Advisor.

Any student not in accordance with this policy shall not be permitted to register for or continue attendance in school.

All students are encouraged to have their health assessments done by their private health care provider to promote continuity of care. However, if this is not done, health assessments will be available in the schools or in the Fairfield Well Child Clinic for eligible students with parent authorization.

Students who are experiencing health problems or are suspected of having a health problem may be referred to their private health care provider for a health assessment at other than required times.

Students participating in high school interscholastic sports (tryouts, practice, or play) shall be required to have a health assessment no more than thirteen months prior to participation in the sport for the current school year. The health assessment is valid for a period of thirteen months from the date it was done. Once the health assessment becomes more than thirteen months old, the student cannot continue to participate in the sport until a new health assessment is done and submitted to the school. The health assessment must be done by a legally qualified practitioner of medicine (physician or osteopath licensed to practice in the United States), or by an advanced practice registered nurse, registered nurse, or physician assistant licensed to practice in Connecticut.

High School Interscholastic Sports include:

- All sports teams that compete against other schools.
- All sports clubs that compete against other schools, and
- Cheerleading squads.

Timing of health assessments shall be in accordance with the corresponding Administrative Regulations. The school nurse will inform you of the acceptable time frame for your child's Health Assessment.

Connecticut State Statutes permit exemption from physical or medical examination required for entry into school or entry into grades 6 or 10 if the parent/legal guardian of a student provides a written statement that the parent/legal guardian of the student, or the student, objects on religious grounds, to physical or medical examination. These exemptions do not apply to health assessments required for participation in sports.

Immunizations

In accordance with Connecticut General Statutes, the Board of Education shall require each student to be protected by adequate immunizations against diphtheria, pertussis, tetanus, poliomyelitis, measles, mumps, rubella, haemophilus influenza type b, hepatitis B, and chicken pox (varicella) (unless medically contraindicated or failure to do so is based upon the exercise of the rights of freedom of religion as provided in the United States or Connecticut Constitution and in the Connecticut General Statutes).

A complete immunization record must be presented before a child enters school. For all students, this record must show dates of adequate immunization against diphtheria, pertussis, tetanus, poliomyelitis (initial series plus booster given on or after the fourth birthday), and against measles, mumps, and rubella (a dose given on or after the first birthday).

Additionally:

- Children under age 5 must also show a record of adequate immunization against haemophilus influenza type b (HIB) (a dose given on or after the first birthday).
- A second dose of measles vaccine is required for students who are or have been enrolled in Kindergarten on or after August 2000, and for students who are or have been in seventh grade after September 1992.
- Children born January 1, 1994, or later, must show a record of adequate immunization against hepatitis B (3 dose series). Children born before January 1, 1994, who are enrolled in grade 7 on or after August 2000, must show a record of at least one dose of hepatitis B vaccine. Children born before January 1, 1994, who are or have been enrolled in grade 8 on or after August 2001, must show a record of adequate immunization against hepatitis B (3 dose series).
- A record of adequate immunization against chicken pox (varicella) is required for all students born January 1, 1997, or later, and for students born before January 1, 1997, who are or have been enrolled in grade 7 on or after August 2000. Alternatively, a written statement signed and dated by a physician, physician's assistant, or advanced practice registered nurse, indicating that the student has had chicken pox, will be accepted.

Under certain circumstances, proof of immunity based upon specific blood testing is acceptable in lieu of immunization. Contact your child's school nurse for further information.

Connecticut State Statutes permit exemptions from receiving immunizations if vaccination is medically contraindicated and such contraindication is certified by a physician and is in accordance with the provisions of state law **or** if immunization is contrary to the religious beliefs of the child and there is parental/guardian statement to that effect. A written statement is needed. For further information, contact your child's school nurse.

Administration of Medication

In compliance with Connecticut General Statutes, administration of medications by school personnel will be permitted to meet the health needs of individual students with chronic or short-term health problems. (Connecticut General Statutes, Section 10-212a addresses administration of medication in schools, including liability.) Medications shall only be administered in school when it is not possible to achieve the desired effects by home administration.

Medications will be administered pursuant to the written order of an authorized prescriber and the written consent of the parent or guardian. An authorized prescriber means a physician or dentist licensed to practice in the United States, or an advanced practice registered nurse, physician's assistant or optometrist licensed to practice in Connecticut. Medications, both prescription(s) and non-prescription(s) must be supplied in the original pharmacy container and brought to school by the parent or guardian. Unused, discontinued, or obsolete medications shall be returned to the parent or guardian. Such medications that are not picked up by the parent or guardian within one week of notification by the school nurse, or by the last day of school, shall be destroyed.

Medications in the schools will be administered by a licensed nurse (RN or LPN), or in the absence of a nurse, the following school personnel who have been properly trained may administer medications:

- principals and teachers;
- licensed physical therapists (PT) or occupational therapists (OT) employed by the school district;
- paraprofessionals in the case of a specific student with a medically diagnosed allergic condition that may require prompt treatment to protect the student against serious harm or death.

The nurse must examine on-site any new medication; medication order and parental permission form and develop a medication administration plan for the student before any medication is given. If a school nurse feels any medication administration plan should be re-evaluated, the parent/guardian and licensed prescriber shall be notified immediately by that school nurse. In addition, the nurse will consult with the nursing supervisor and the school medical advisor. In accordance with standard nursing practice, the school nurse may refuse to administer or allow to be administered any prescription medication which, based on his/her individual assessment and professional judgment, has the potential to be harmful, dangerous or inappropriate. In such cases a parent has the right to come to the school and administer the medication himself/herself.

Students who are able to self-administer medication may do so provided that all of the above requirements have been met and written approval for self-administration is obtained from the authorized prescriber, parent, and the school nurse. Students who self-administer medications will be under the general supervision of the school nurse.

Questions regarding physical examinations, immunizations, or medications should be directed to the nurse at your child's school.

Administration of medications is supported by the Administrative Regulations. You can obtain a copy of these regulations by calling the Instructional Office at 203-255-8372.

HEALTH SCREENINGS:

The following health screening programs are provided in the schools:

Vision: Grades Pre-K (4 years old by January 1st and older) through grade 6 and grade 9.

Hearing: Grades Pre-K (4 years old by January 1st and older) through grade 3, grade 5 and grade 8.

Postural Screening: Grades 5 through 9.

Pediculosis (Head Lice): It is recommended that parents/guardians check their child for head lice on a regular basis. This monitoring by parents is especially important during the summer months when children are attending camps, having sleepovers and wearing helmets for various sports activities.

In the elementary schools, the entire classroom is screened when there is a reported case of head lice in that classroom. In all schools, siblings and close contacts of the identified child are also screened. Remember to contact your child's school nurse if your child has head lice. This information will be kept confidential by the school nurse.

HOMEWORK POLICY:

The Board of Education considers homework and other out-of-class assignments to be basic parts of the educational program of the Fairfield Public Schools. Through homework and out-of-class assignments, students have an opportunity to reinforce and/or extend academic and learning skills taught in class. Homework also contributes to the students' development of such skills as working independently, organizing time, developing effective work habits, and developing self-discipline in accepting responsibilities. Parents or guardians are encouraged, through discussions with their children, to become aware of, and to support the need for the student to complete homework and other out-of-class assignments.

NON-DISCRIMINATION STATEMENT:

The Board of Education will not make employment decisions (including decisions related to hiring, assignment, compensation, promotion, demotion, disciplinary action, and termination) on the basis of race, color, religion, age, sex, familial status, sexual orientation, national origin, ancestry, disability, genetic information, or any other protected group, except in the case of a bona fide occupational qualification or need.

PESTICIDE APPLICATIONS AT SCHOOLS:

The Fairfield Board of Education is required by Public Act 99-165 to issue a statement of policy regarding the application of pesticides at schools and on school grounds. This statement of policy shall be made annually to all staff and to all parents or guardians of students enrolled in the Fairfield Public Schools.

An Integrated Pest Management Plan is in place for the Fairfield Public Schools. This plan requires that alternative methods of pest control be employed prior to using a pesticide. Whenever it is deemed necessary to apply a pesticide, it will be done during a period when school is not in session and there are no planned activities on school grounds. All individuals applying pesticides will hold the proper State of Connecticut certificates. Children will not be allowed to enter an area where such application has been made until it is safe to do so according to the provision on the pesticide label.

Public Act 99-165 also allows for the notification of staff, parents, and guardians of students, prior to the application of a pesticide. Any individual who wishes to be notified may register to receive notice by calling **Mr. David Fryer**, Manager of Facilities, at 255-8352.

Pesticide applications used during the past year were as follows: Contrac Blox, Talstar One 0.05% Dilution, Vector Poison Free Wasp and Hornet Spray, Phantom 0.5%. Confront, Pre-M and Round-up, Termidor sc 0.06% (for termite treatments).

Questions regarding the Fairfield Board of Education policy for pesticides may be addressed to Mr. Fryer.

PRINTED MATERIAL FOR STUDENTS TO TAKE HOME:

The building administrator has the responsibility to review and approve or disapprove printed and electronic material proposed for distribution to students to take home or to be e-mailed or posted on a website if the material pertains only to that single site. The Superintendent shall designate a district-level staff member to review and approve or disapprove printed and electronic material proposed for distribution to students to take home if the material is intended for more than one (1) site.

Printed and electronic or to be e-mailed or posted material distributed to students to take home or to be e-mailed or posted shall involve only activities or opportunities provided or sponsored by a non-profit/not-for-profit entity, organization, or governmental agency. The name of the non-profit/not-for-profit organization or governmental agency must be specifically defined and clearly printed on the material for distribution along with the organization's or agency's telephone number for inquiries. In addition, the words "Not for Profit" must be clearly stated on the material for distribution. All material to be taken home by students or e-mailed or posted shall extend the curriculum of the Fairfield Public Schools or broaden the cultural life of students.

The reproduction of approved material(s) is the responsibility of the sponsoring group.

Commercial material, advertisements, or material generated by an individual that is not sponsored by a non-profit/not-for-profit entity, organization, or governmental agency shall not be distributed via the students or e-mail or websites.

PROMOTION/RETENTION:

The philosophical basis for promotion and retention acknowledges the differences among students and the need to accommodate those differences. This philosophy recognizes the need to provide students with instruction appropriate to their academic, emotional, social, and physical level of development. The promotion or retention of students in the Fairfield Public Schools shall be determined on the basis of a child's best interest. Parental or guardian understanding and support in matters of promotion and retention are crucial to the success of a student's assignment.

PSYCHOTROPIC DRUG USE POLICY:

In conformity with state statute, the Fairfield Board of Education prohibits all school personnel from recommending the use of psychotropic drugs for any student enrolled within the school system. However, school health and mental health personnel may recommend that a student be evaluated by an appropriate medical practitioner. Further, upon the consent of the student's parent or guardian, school personnel may consult with the medical practitioner regarding such use.

The Board recognizes that the refusal of a parent or guardian having control of a child to administer or consent to the administration of any psychotropic drug to the child shall not, in and of itself, constitute grounds for the Department of Children and Families (DCF) to take such child into custody or for any court of competent jurisdiction to order that such child be taken into custody by the department, unless such refusal causes such child to be neglected or abused, as defined in Connecticut General Statutes, 46b-120.

The Superintendent of Schools or designee shall promulgate this policy to district staff and parents or guardians of students annually and upon the registration of new students.

PUBLISHING OF STUDENT IMAGES:

The school system routinely makes use of videotaping, digital, and traditional photography for educational purposes. Examples include but are not limited to the videotaping of concerts, assemblies, and sporting events. Students images without names may be displayed in a variety of ways including, but not limited to, bulletin boards, publications, and the school or district web site. **A parent or guardian who does not want their child videotaped or photographed and those images displayed as described above are asked to contact the school principal.**

In certain circumstances, it may be desirable to display a student's image in a publication or on the school or district web site with his/her name, such as when an award is given. Publishing a student's image with his/her name requires **express written permission** from the parent or guardian.

Please Note: This provision of seeking prior permission does not apply to school yearbooks, school newspapers, or images published by the working press. However, if a parent or guardian has a concern about the publication of a student's image in those settings, that concern should be brought to the school principal.

REHABILITATION ACT OF 1973 – SECTION 504:

Section 504 is a Civil Rights Statute, which prohibits discrimination against persons with a disability in any program receiving federal financial assistance. The Statute defines a person with a disability as anyone who:

1. has a mental or physical impairment which substantially limits one or more major life activities (major life activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working);
2. has a record of such impairment; or
3. is regarded as having such an impairment.

In order to fulfill its obligation under Section 504, the Fairfield Public School System recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability will knowingly be permitted in any of the programs and practices in the school system.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate, and if the child is determined to be eligible under Section 504, to afford access to appropriate educational services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

If there are questions, please feel free to contact the school system's special education staff at 255-8379.

RELOCATION POLICY NOTICE:

The Fairfield Public School System provides services to ensure students, parents, and other persons access to meetings, programs, and activities. The school system will relocate programs in order to ensure accessibility of the programs and activities to disabled persons. To make arrangements please contact:

Andrea Leonardi
Director of Special Education & Special Programs
501 Kings Highway East
Fairfield, CT 06825
Telephone: 255-8379

The district agrees to disseminate this relocation policy notice by posting it on bulletin boards throughout the schools for students, staff, and the general public; provide the information in any student or staff handbook(s) or orientation material; and place the policy in district advertisements.

REPORTING STUDENT PROGRESS:

The Fairfield Public Schools support a grading and reporting philosophy, which stresses the importance of providing clear, concise, and fair information regarding each student's school performance to students, parent or guardian, and institutions outside the Fairfield Public Schools. This information should include, in addition to an evaluation of the extent to which the instructional objectives have been achieved by the student, an appraisal of the student's achievement in relation to peers locally and nationally. An appraisal of the student's personal attributes, including effort and attitude, should also be provided to help support and guide the student toward individual responsibility and maturity. Student progress may be reported through written report cards and progress reports, parent/teacher conferences, standardized test result profiles, etc.

SEXUAL HARASSMENT:

It is the policy of the Fairfield Public Schools to maintain a working and learning environment free from harassment, insults or intimidation on the basis of sex or sexual orientation. Sexual harassment is against the law and school district policy. Complaints should be referred to the Title IX Coordinator at each school. The coordinator at each high school is the Administrator for Pupil Services and Guidance. At each middle school the coordinator is the Assistant Principal. At each elementary school the coordinator is the Principal. A complaint may also be filed with the District Title IX Coordinator, the Assistant Superintendent for Human Resources and Leadership Development.

SMOKING POLICY:

Smoking by students or adults is not permitted in any school building or on school grounds.

STOLEN PERSONAL PROPERTY:

If a student or staff-owned item is stolen or damaged in school, neither the Town nor the Board is liable for that item. The only exception would be when a student or staff member brings in an item for limited school use (e.g., needed one time only) at the written request of an administrator. However, items such as laptops owned by staff members will not be covered.

STUDENT INTERNET USE POLICY:

Use of electronic communication systems allows unprecedented opportunity for students to communicate, learn, access, and publish information. The district believes that the resources available through this network and the skills that students will develop in using it are of significant value in the learning process and student success in the future. These new opportunities also pose new challenges including, but not limited to, ready access for all students, age-level appropriateness of some material available through networks, security of the electronic communications system, and cost of maintaining increasingly complex networks. The district will endeavor to ensure that these concerns are appropriately addressed.

The district grants access to the network and the Internet by users through signed permission forms only for the educational activities authorized under the administrative regulations including guidelines, procedures, and the specific limitations contained in this document.

To the extent that it is practical and prudent, the district will provide training and procedures that encourage the widest possible access to electronic information systems and networks by students, staff, and patrons while establishing reasonable controls for the lawful, efficient, and appropriate use and management of the system.

STUDENT RECORDS:

The Family Educational Rights and Privacy Act (FERPA) specify rights related to educational records. This act gives the parent or guardian the right to: 1) inspect and review his/her child's educational records; 2) make copies of these records; 3) receive a list of all individuals having access to those records; 4) ask for an explanation of any item in the records; 5) ask for an amendment to any record on the grounds that it is inaccurate, misleading, or violates the child's rights; and 6) receive a hearing on the issue if the school refuses to make the amendment.

Parents' rights of inspection and review are restricted to information dealing with their own child. The school district will presume that even when parents are separated or divorced and one parent has been granted custody, that both parents have access to records. This access will be extended to both parents unless the school district receives a court order to the contrary.

The Connecticut General Statute provides: that such institutions must provide the parent or guardian of students access to official records directly related to the students, and an opportunity for a hearing to challenge such records on the grounds that they are inaccurate, misleading, or otherwise inappropriate; that institutions must obtain the written consent of the parent or guardian before releasing personally identifiable data about students from records to other than a specified list of exceptions; that the parent or guardian and student must be notified of these rights; that these rights transfer to students at certain points.

The Fairfield Public Schools will release only official health records, cumulative record card, report card, and student records for elementary students (grades K-5) who are transferring or applying to private, parochial, or other public schools. Separate teacher recommendations are not provided for students in grades K-5. Records are sent once parent or guardian has given written permission to do so. This practice has been adopted for consistency of information provided and to ensure that documents sent to a receiving school have been seen previously by a parent or guardian.

STUDENT SURVEYS:

Parent or guardian will be notified of any surveys that are planned for completion by students except for those that are directly related to course content and administered as part of class instruction.

Parents will have the right to inspect any non-instructional survey prior to its administration and to deny permission for their child's participation.

SUBSTANCE ABUSE – ADMINISTRATIVE REGULATIONS IN COMPLIANCE WITH BOARD POLICY:

1. School personnel shall observe and report inappropriate behavior, poor class performance, tardiness, absenteeism, or physical changes in any student to their immediate supervisor or appropriate designated staff member.
2. The school shall maintain and extend programs that help students to assess implications of the use of addictive substances, such as drugs and alcohol, and help students to understand the personal and social implications of abuse of these substances.
3. Any teacher or other school staff member who suspects a student is demonstrating symptoms of possible drug/alcohol use (staggering, slurred speech, incoherence, dazed appearance, inability to respond, vomiting, and unconsciousness) shall immediately refer the student to the appropriate administrator who will treat the situation as a medical emergency. A referral will be made to the Student Assistance Team.
4. Should the school nurse determine the student's symptoms are drug/alcohol related, or if he/she is unable to function normally, the school principal or designee shall take appropriate action, which may include notifying the parent or guardian, taking the student home or for medical care, depending upon the severity of the student's condition. If drug use is confirmed, the student will be suspended. A referral will be made to the Student Assistance Team.
5. When there is evidence of use, illegal transmitting, or possession of drugs, including alcohol, during school hours or at any school sponsored activity, the student will be advised of his/her rights, the police summoned and parent or guardian shall be asked to confer with the principal, and/or appropriate members of the school staff. The student will be suspended. A referral will be made to the Student Assistance Team.
6. If a student is caught in possession, use, distribution, or selling of drug paraphernalia, the principal or his/her designee will confiscate the drug paraphernalia, summon the police and notify the parent or guardian. The student will be suspended. A referral will be made to the Student Assistance Team.
7. On school buses enroute to and from school, or any school-sponsored event, bus drivers will radio any inappropriate or bizarre behavior, which might indicate possible drug or alcohol use or possession to the Transportation Office **immediately**. The Transportation Office shall then notify the appropriate building administrator. A referral will be made to the Student Assistance Team.

8. Disciplinary consequences for students found to be in violation of this policy shall be:

first offense	five (5) day suspension may be reduced by up to one (1) day if student and parents participate in a Saturday morning session with the Student Assistance Counselor.
second offense	maximum of ten (10) day suspension; and
third offense	referral to Board of Education for a hearing that might result in expulsion.

9. The deans shall inform parent or guardian (upon the first violation) of diagnostic, evaluative, psychological, and rehabilitative services available. A resource list of other available drug/alcohol counseling, rehabilitation, and re-entry will also be available.
10. All communications between the school, students, parent or guardian, and police will be considered confidential as defined in the Connecticut General Statutes, 10-154a.
11. All students and parent or guardian will be notified of this policy yearly and understand that compliance is mandated.

SUICIDE POLICY:

In compliance with Public Act 89-168 of the Connecticut General Statutes, the Fairfield Board of Education recognizes suicide as one of the leading causes of death among young people and acknowledges the need to make every reasonable effort to identify potentially suicidal students or employees, and to provide referral procedures that guide those concerned to an appropriate agency for assessment and counseling.

Therefore, any school employee and/or student with knowledge of a suicide threat is directed to report this information to the building principal, counselors, members of the student assistance teams, or any other qualified person who, in turn, will notify the appropriate school official, the individual's family, and appropriate resource services.

SUPERVISION OF STUDENTS BEFORE AND AFTER SCHOOL HOURS:

The safety of your child is our highest concern and there are always school staff assigned the responsibility of student supervision during the instructional day. Supervision is also provided for **10** minutes before the instructional day begins and for **15** minutes after it ends.

Supervision is **NOT** provided at any other time(s) unless specific arrangements have been made with a staff member.

Therefore, for their safety, students may not be present in the school building, or on school grounds, more than **10** minutes before the instructional day begins, or remain in the building, or on school grounds, more than **15** minutes after the instructional day ends, unless specific arrangements for supervision have been made with a staff member, the student is accompanied by his/her parent or guardian, or they are participating in an extended-day program or activity.

TITLE IX REGULATIONS:

NOTICE

(Published in accordance with the requirements of Section 86.9 (a) (2) of the Title IX Regulations of the Department of Health, Education, and Welfare)

NOTICE IS HEREBY GIVEN to all persons that Fairfield Public Schools, in accordance with Federal Regulations set forth in the Federal Register, Vol. 40, No. 108, June 4, 1975, does not discriminate on the basis of sex in any education program or activity which it provides, promotes, or promulgates. This non-discrimination policy extends to employment and admission procedures. The Title IX Coordinator for the Fairfield Public Schools is the Assistant Superintendent of Human Resources and Leadership Development, 501 Kings Highway East, Fairfield, Connecticut 06825, (255-8462).

Questions regarding programs or activities may be directed to the Superintendent of Schools or designee. Questions relating to the employment practices and procedures may be directed to the, Assistant Superintendent of Human Resources and Leadership Development.

Resolution of specific problems and interests for staff relating to Title IX will follow the established grievance procedures as set forth in the appropriate labor contracts with the Board of Education.

Resolution of specific problems and interests for students relating to Title IX will follow these procedures:

1. First discuss the problem or interest with the classroom teacher, or if it is a building-wide problem, with the building principal.
2. If it is a system-wide problem and/or you cannot get any satisfaction from the building principal or classroom teacher, contact the Superintendent of Schools, or her/his designee.
3. If the problem is not resolved to your satisfaction by someone from the Superintendent's Office, then either write a letter to the Secretary of the Board of Education at 501 Kings Highway East, Fairfield, Connecticut 06825, or come to a regularly scheduled meeting of the Board of Education and speak to the matter under the agenda item "Hearing of Citizens".
4. If the matter is not resolved to your satisfaction by the Board of Education, you also have recourse to the State Commissioner of Education in Hartford.

In accordance with Section 86.6 (b) of the Title IX Regulations, students or employees may report any grievances directly to the Director of the Regional Office for Civil Rights, U. S. Department of Health and Human Services, Government Center, J. F. Kennedy Federal Building - Room 1875, Boston, Massachusetts 02203.

It is the intention of the Fairfield Public Schools to accommodate the learning needs of all students irrespective of the sex of the student.

TRANSFERS WITHIN FAIRFIELD:

Once residency has been established in accordance with State law, students shall attend the school designated for that residence. Attendance areas are established by the Board of Education.

A student may be granted out-of-district placement by the Superintendent or designee if space and program are available and for a specific demonstrable need. The Superintendent's decision shall be made in the best interest of the school district.

In the interest of the student, the Board anticipates maintaining an out-of-district placement for the duration of the school level in which said placement is initially granted (elementary school, middle school, high school). However, a parent or guardian shall not accept an out-of-district placement without the full understanding that such placements may be subject to an annual review by the Superintendent or designee in the best interest of the school district.

In the event of family moves within Fairfield, the following exceptions may be requested:

- Continuing the student's attendance for the balance of the school year in the school in which the student began the year.
- If the move occurs at the end of grade four (4), grade seven (7), or grade eleven (11), completing grade five (5), grade eight (8), or grade twelve (12), respectively in the school the student had been attending with the requirement that the student will follow the middle school or high school assignment designated for the residence.
- Attending the school designated for a residence being acquired or built, if the parent or guardian has firm plans to purchase or build elsewhere within Fairfield (proof is required).

Transportation of out-of-district students must be provided to and from the alternate school by the parent or guardian.

In the event of redistricting, the Board may consider modifications to this policy to accommodate circumstances created by the redistricting plan.

TRANSPORTATION POLICY AND BUS RULES:

1. School bus transportation shall be provided for qualified children living in excess of the following walking distances from their neighborhood schools:

K-5 -- ¾ mile
6-8 -- 1 mile
9-12 -- 1 ½ miles

“Exception: The Board of Education or a designated administrator may grant an exception to this provision of the transportation policy wherein a particular condition or combination of conditions renders such condition(s) a hazard based upon the reasonable judgment of the Board of Education or a designated administrator.”

2. Students living within the established walking distances may be provided transportation on a **space available basis**. This must require no change in bus routes, including bus stops. Annual applications for space available transportation should be made to the Transportation Office. Such students are still considered walkers.
3. The Fairfield Board of Education will **not** provide transportation for students attending elementary or secondary non-public schools in contiguous school districts except for students whose placement in said school is for special education purposes.
4. **Walking Distance** is the linear measure of a prescribed or authorized pedestrian route between the pupil’s residence and his/her school from a point at the curb or edge of a public road or highway nearest the pupil’s residence to a designated point or points at each school site. “One mile walking distance” means a reasonable measurement of a route to be traversed extending from the point of measurement at least 5,280 feet.
5. **Bus Stop** a geographical location designated by the Board of Education or a designated administrator where pupils can safely wait for purposes of boarding or disembarking a school bus. Permanent school bus stops will not be established for regular school transportation, grades K-12, which cause school buses to enter cul-de-sacs, unless this provision results in students walking greater than the established distance for their grade level.
6. **Kindergarten** students who receive transportation both to and from school will embark and disembark as near their residence as practical during the **kindergarten-only** school bus transportation. At all other times, these students will utilize the normally planned bus stops. All kindergarten students **must** be met at the bus stop by an adult. Students will be returned to school if an adult is not present.

Safe Bus Riding Procedures

A bus driver is charged with the safe transportation of students to and from school and he/she must have the full cooperation of students on the bus at all times.

1. High school students must carry their ID with them every day and show it to the driver when the driver requests to see the ID.
2. Students should be at the designated bus stop at least 5 minutes before the bus is scheduled to arrive. They are to wait in a safe place and be respectful of citizens living near the school bus stop and their property.
3. Students are not to attempt to board the bus until it has come to a complete stop. Students are to enter the bus in an orderly fashion and go to their seats promptly. Students are to sit facing forward, keeping all belongings on their lap and remaining seated until they arrive at their destination. Pets, toys, and skateboards are not allowed on the school bus. Nothing is to be put in the aisle or on the bus floor.
4. Students who cross the street to board the bus **must wait** for a signal from the driver before crossing and then walk at least 10 steps away from the front of the bus.
5. Do not put anything out of the bus window.
6. Loud talking, laughter, and unnecessary confusion can divert the driver's attention and could result in a serious accident. Ordinary conversation is permitted.
7. Smoking, vulgarity, or other improper conducts, are not permitted on the bus.
8. The bus driver, school administrator, or school dean may assign seats to students, if necessary.
9. Students are to ride only the bus route to which they are assigned and get on and off at their bus stop.
10. There shall be no eating, drinking, or gum chewing on the school bus.

The driver will report an infraction of the rules to the Transportation Office. The school administration will take appropriate disciplinary action and inform the child's parent or guardian. Serious or continuous infractions may result in suspension of transportation privileges.

TRUANCY:

In accordance with Connecticut General Statutes it is the policy of the Fairfield Public Schools to define a truant in the following manner:

- A **truant** is a child aged five to eighteen inclusive who has four unexcused absences in one month or ten unexcused absences in one year.

Upon the determination that a child ages five to eighteen inclusive is a truant, the building administrator or his/her designee will hold a meeting within ten days with the parent or guardian of the child who is truant. Reasons for the truancy will be reviewed and evaluated including referral to the Building Planning and Placement Team to determine whether or not an educational evaluation is appropriate. School services will be coordinated with referrals of the child to community agencies providing child and family services, as appropriate. The Superintendent may file a complaint pursuant to Connecticut General Statutes in Superior Court, Juvenile Matters regarding the child's truancy alleging the belief that the acts or omissions of the child are such that his family is a family with service needs, if the parent or guardian fails to attend the required meeting with appropriate school personnel to evaluate why the child is truant or fails to cooperate with the school in trying to solve the truancy problem.

At the beginning of each school year, and upon any enrollment during the year, the building administrator or his/her designee shall obtain from the parent or guardian of each child ages five to eighteen inclusive, a telephone number or other means of contacting such parent or guardian during the school day. Provision will be made that whenever a child ages five to eighteen inclusive, fails to report to school on a regularly scheduled day, and no indication has been given by the child's parent or guardian of their awareness of the child's absence, school personnel or volunteers under the direction of school personnel will make a reasonable effort to notify the parent or guardian by telephone.

A parent or guardian of children ages five to eighteen inclusive, in the Fairfield Public Schools will be notified annually in writing of their obligation to cause their child to go to school.

VACATIONS WHEN SCHOOL IS IN SESSION POLICY:

The staff of the Fairfield Public Schools emphasizes the importance of regular school attendance. We urge you to plan vacations only during the time school is **NOT** in session. If you **must** take a family vacation during school time, the following will be the responsibility of both the parents and child:

1. Send a written note to your child's teacher(s) a week before you will be away requesting schoolwork to be covered during that period. To the extent that the teacher can provide work, which the child can do with little or no direct teaching instruction, it will be provided.

2. During the vacation, parent or guardian should set aside regular study time and, insofar as possible; assist the child with his/her work.
3. Upon the child's return to school, make-up work must be handed in **WITHIN TWO WEEKS** of the return to school.
4. **If the child cannot understand the work, it is the responsibility of the parents to provide tutorial assistance outside of school to help the child.** While teachers do help youngsters after school, that time is most properly reserved for children absent from school for **illness, family emergency or a holy day, or for pupils who attend class and still need extra help to grasp difficult concepts.**
5. High school students are subject to the provisions of the high school attendance policy including possible loss of credit.

VIDEO SURVEILLANCE POLICY:

The Board authorizes the use of video cameras on district property and school transportation vehicles to ensure the health, welfare and safety of all staff, students and visitors to district property, and to safeguard district facilities and equipment. The use of video cameras in school locker rooms or bathrooms is prohibited. Video cameras may be used in other school or district locations as deemed appropriate by the Superintendent.

The district shall notify staff and students through student/parent and staff handbooks that video surveillance may occur on district property and/or school transportation vehicles.

Video recordings establishing a violation of Board policies, administrative regulations, building rules or law may be used to support appropriate disciplinary action or may be provided to law enforcement agencies even in the case of individuals who are not students or staff.

Video recordings may become a part of a student's educational record or a staff member's personnel record. The district shall comply with all applicable state and federal laws related to record maintenance and retention.

WEAPONS POLICY:

The safety of all students is our highest concern. Therefore, students who bring to school, use, sell or attempt to sell a firearm, deadly weapon, dangerous instrument or facsimiles of weapons will be suspended from school and reported to the Fairfield Police Department. State law specifically prohibits such behavior. **Such behavior may result in *EXPULSION* from school for a period of up to, but not exceeding, 182 consecutive school days (10-233a[e]).**

To request copies of the Board of Education Policies, parents or guardians may call the Office of the Superintendent at 203-255-8309 or the Office of the Deputy Superintendent at 203-255-8372.
For Board of Education Policies go to:
www.fairfield.k12.ct.us

Fairfield students benefit greatly from a very active and supportive Parent Teacher Association. In addition to individual school PTAs, we have a PTA Council with representation from each site. Please support the education of your child and all children in Fairfield by becoming an active member of your school's PTA.

PTA PRESIDENTS 2009 - 2010

PTA presidents can be reached by calling the appropriate school:

	<u>School</u>	<u>Presidents</u>	<u>School #</u>
1.	Burr	Mary Nardone	255-7385
2.	Dwight	Marisol Fromme	255-8312
